RED POWER WARNING SOUNDED

No Reason Is Given By Brandt For Story About Abduction Of Donna Sue Davis

... Joplin Police Hold Iowan While FBI Continues To Check For Connection

JOPLIN, Mo. (AP) — Audrey Brandt, 42-year-old farmhand who clung 23 hours to a story that he beat and raped 2-year-old Donna Sue Davis at Sioux City, Ia., told police late Thursday his account was a hoax.

Brandt told John Showers, acting detective captain, that he had heard an account of the kidnapping and raping of the child last Sunday night over an automobile radio while riding in the vicinity of Sioux City.

He did not say why he told police he had stolen the child, then beaten and raped her. He had never admitted slaying the child.

Police continued to hold him on a vagrancy charge and continued to check into the possibility he may have had some connection with the tot's abduction. They also awaited results of a comparison of

Brandt's fingerprints with those found in the baby's room.

He was arrested by Joplin police after a truck driver, with whom he had hitch hiked a ride, became suspicious and told police Brandt's appearance corresponded to the description of the man believed to have kidnapped the child.

Showers said he was inclined to believe Brandt didn't know much about the affair. There were several points on which his story did not jibe with the known facts.

Brandt repudiated his statement

shortly after he was cajoled with Leo Ross, an FBI agent who had been working on the case at Sioux City. Ross brought a brief case full of data to Joplin to check Brandt's story and to compare his account with evidence gathered at the source.

In his newest statement, Brandt said he was not in Sioux City Sunday night, when the girl was kidnapped, Showers said. He was vague as to exactly where he was, the police officer added.

Donna Sue, blue-eyed daughter

of Mr. and Mrs. James Davis of Sioux City, was snatched from her crib Sunday night within minutes after her mother had tucked her into bed. Her body was found late Monday in a farm field near South Sioux City, Neb., just across the Missouri River from Sioux City. She had been raped and beaten savagely about the head.

Brandt was convicted of child molestation in Cedar Rapids, Ia., in 1947, and had a record of moral arrests, including one in Lincoln in 1944. No charges were filed in the Lincoln case and Brandt was released.

Joplin Detective Gene Eichelberger had commented earlier that talking to Brandt was "like talking to a 2-year-old child." The detective said, "If we had asked him whether he was involved in the Brinks robbery he might have said he had been."

ELLSWORTH IN AGAIN ON PHILLY CASE

MEMPHIS, Tenn. (AP) — The law had Frank Ellsworth again Thursday — just a week after he started his recent various trips in and out of jail by flashing an \$86,000 bankroll in Las Vegas casinos.

This time the 36-year-old Omaha man was arrested when he stepped off a chartered plane here.

Detective Chief M. A. Hinds said Philadelphia police have charged the husky six-footer with murder, burglary and conspiracy. Ellsworth flew here from Omaha to be on hand for his plea for a new trial in a local case in which he was convicted of receiving stolen property. He was free under \$12,000 bond. The new trial motion was denied.

Authorities hoped a judge would rule Friday that they can hold the ex-convict without bail. Police feared Ellsworth would leave Memphis before the Philadelphia warrant arrived if he was allowed to post bond.

The past week has seen Ellsworth arrested in Las Vegas, Nev. when casino operators became suspicious about the way he seemed to be converting brand new \$100 bills into currency after a few dice table rolls.

But he got out of that when police over the nation failed to connect with their unsolved cases the \$86,000 Ellsworth and a buddy, Ray Wilson, 33, had in their possession.

Then Ellsworth, back in Omaha presumably with his \$86,000 was picked up in the Philadelphia case. Ellsworth was placed under a total of \$75,000 bond in Omaha Wednesday on two fugitive warrants, sworn at the request of Philadelphia police.

They want to question him about the slaying of a wealthy widow, Mrs. Lulubel Hagar Rossman, strangled in her hotel room July 4. Officers said \$8,000 was gone from her room and \$150,000 reported missing from her bank safety deposit box.

Useful Training

OMAHA (AP)—Kenneth Kirk, 37, Omaha port worker, was pulled into the Missouri River Thursday night when a rope he was testing gave way. Entangled in the rope, he was swept about 20 feet under a barge, but when he surfaced he swam steadily to safety. Kirk was once a life guard.

Charges Filed Against Pair In Robbery Of Utica Man

Charges of armed robbery and grand larceny have been filed in Seward against a man and woman who are suspects in the beating and robbery of Clyde Parker, 52, of Utica last week, County Attorney Russell A. Soucek said Thursday evening.

The two were identified as Sharon McVay, 21, sought by California authorities for parole violation and Robert Lewis, about 29, of Plattsmouth. According to Soucek, Lewis was identified positively by Parker from photos and gas station attendants who saw him in Utica the night of the robbery. Lewis, according to Soucek, was described

as a "floater" who has been arrested by Omaha police on minor charges.

Soucek said he had written a letter to the U. S. District Attorney and had conferred with the FBI agent in Lincoln. He added that the FBI will probably enter the search for the fugitives on the belief that they fled the state.

The accused pair entered Parker's home at gunpoint, beat him and escaped with \$17,600 in cash and government bonds. Parker received a broken leg in the scuffle. Authorities said he knew the woman a few months prior to the robbery and she had been visiting at his home the night of the robbery.

Ike Names Son John Big 4 Aide

... U.S. To Hear President

WASHINGTON (INS)—President Eisenhower Thursday named his son, Maj. John Eisenhower, as his personal aide at the Geneva Big Four conference.

The White House announced the action as the chief executive prepared for his address to the nation and his departure for the "parley at the summit."

Mr. Eisenhower makes a 15-minute, nationwide radio and television broadcast at 6:15 p.m. CST Friday. He will outline American objectives at the Geneva meeting. All four TV networks plan to carry the 15-minute talk at the time of delivery, and so will ABC and CBS radio. MBS and NBC will broadcast the speech at later hours. The speech will be extemporaneous.

At 7:30 p.m. CST, the President, the first lady, their son, and a hand-picked staff take off aboard the Columbine III on the 18 and one-half hour elapsed-time flight to Switzerland.

Only Break
A Saturday daybreak refueling stop at the U.S. Air Force Base at Keflavik on the southwest coast of Iceland is the only scheduled break in the long air journey.

(In Geneva, presidential press secretary James Hagerty announced that the President's special plane would arrive Saturday at 8 p.m. Swiss time (1 p.m. CST) instead of 9 p.m. as previously scheduled.)

(The President will be welcomed at the Geneva airport by Swiss President Max Petitpierre.)

Facing Vagrancy Charge

Audrey Brandt (seated, right) sits in Municipal Court in Joplin, Mo., where he pleaded not guilty to a charge of vagrancy. The La Porte City, Ia., man Wednesday admitted the abduction and rape of a Sioux City tot but Thursday retracted the admission. (AP Wirephoto.)

Plane Carrying 87 Hobbles Into Frisco

... 2 Engines Die Over Pacific

SAN FRANCISCO (INS) — A C-124 "Operation Gyroscope" Globemaster disabled far over the Pacific landed safely at Hamilton Air Force Base Thursday night with two of its four engines dead.

Seventy-nine soldier passengers of the 187th Airborne Regimental Combat Team and eight crewmen aboard the giant troop carrier escaped without injury at the end of the tension-filled flight.

Two tires on the right side of the crippled aircraft blew out on contact with the ground, but Hamilton Field officers said there was no other damage aside from the plane's disabled engines.

The Globemaster covered most of the 750 miles under half-power shepherded by at least seven rescue aircraft from Coast Guard and Air Force bases in California and Washington.

No Return
The crew and passengers of the crippled transport jettisoned all baggage and cargo to give the aircraft every chance to stay aloft and prevent a ditching in mid-ocean.

The Globemaster, enroute from Hickam Air Force Base in Honolulu to the Travis Air Force Base in northern California, developed engine trouble only 60 miles beyond the so-called point of no return on the overwater flight to the mainland.

Pilot Capt. Roosevelt was forced to feather one engine on the starboard side. He notified Travis immediately and two Coast Guard rescue planes took off to intercept the disabled aircraft four hours off the mainland.

Further complications compelled the pilot to feather the second engine on the starboard side as Air Force rescue planes took off from Hamilton, just north of San Francisco, and from March Field in southern California and McCord Field in Washington.

Two Coast Guard planes made

Judge Guards Youth
OMAHA (AP)—Central Criminal Court Judge Robert A. Nelson Thursday jailed 17-year-old Robert D. Eckley for 15 days on a charge of disturbing the peace by trying to taunt an Omaha man into a fight.

The incident occurred at a cafe where James B. Shepherd was dining with his wife and another couple.

Throws Water At Photographer

Dr. Harry Friedenberg of Washington starts to take his seat at the witness table in Washington after dousing a photographer with a pitcher of ice water during an appearance before the Senate Judiciary subcommittee on narcotics. Dr. Friedenberg denied that his treatments led a woman patient to drug addiction and prostitution. Friedenberg told the subcommittee that he ran a legitimate medical practice. His testimony directly contradicted the sworn statements of the woman witness whose identity was withheld by the subcommittee probing the nationwide narcotics problem. (AP Wirephoto)

—Langer Votes 'No'—

Senate Passes Reserve Bill—On Ike 'Must' List

2,900,000 Man Combat-Ready Force Is Aim Of Program

WASHINGTON (AP)—The Senate Thursday passed an armed forces reserve bill aimed at building up a combat-ready reserve of 2,900,000 men by 1960. Active reserves, including the National Guard, now number about 800,000.

The roll call vote was 80-1, with only Sen. Langer (R-Ind) voting no.

Sens. Jenner (R-Ind) and Schoepel (R-Kan) answered "present" and Sen. Mansfield (D-Mont) said he was paired against the bill with Sen. George (D-Ga) who favored passage.

The Senate action virtually assures that President Eisenhower will get, at least in limited form, legislation he had tabbed near the top of his "must" list.

The House already has passed the bill but it will return there because of changes made by the Senate.

However, both Senate and House voted for a key provision of the Eisenhower program. This would permit youngsters aged 17-20 to volunteer for six months of active training to be followed by 7½ years of service in an active reserve unit. Such volunteers would be exempt from the regular draft.

Differences
A Senate-House conference committee is expected to try to adjust differences in the programs approved by the two bodies.

Chief of these is the question of compelling men who have completed active military service as drafted or volunteers to do additional training with reserve units.

The House approved compulsion for all service men drafted or enlisted since the Korean armistice, July 27, 1953.

In the Senate, it was argued that this would require double service liability by veterans while thousands of draft-age men escaped all military duty.

Bonus
The Senate voted instead that 30 days after the bill becomes law, any man entering the service through the draft or enlistment could be forced to take active reserve training on completion of active duty.

And until July 1, 1957, the Senate agreed to offer a bonus of more than \$200 to any prior-service man who volunteers for three years of active reserve training with combat-type units of the Army and Marine Corps.

Just before the final vote, the Senate defeated 70-14 an amendment by Sen. Jenner (R-Ind) which would have banned the assignment of any more U.S. military personnel to countries where they are subject to foreign criminal law. Backers of the Jenner amendment argued that existing "stat-

Free World Now Trails—Cannon

Commie Planes Shifted To Asia

Dire Peril Seen By Missourian

By VERN HAUGLAND
AP Aviation Reporter
TOKYO (Friday) (AP)—

U.S. Far East Air Forces Command estimates that almost one-third of the Communist world's air power has been moved into Asia.

It also has taken note of a gradual shift southward from Manchuria and North Korea in Communist air power in the past year.

"Such a shift would support any program to 'liberate' Formosa," commented Col. James T. Stewart, FEAF assistant deputy for operations, at a military briefing for visiting U. S. newsmen.

Stewart said Communist air power, with its weapons of mass destruction, remains the most serious immediate threat to free world security even though Communist nations have "a huge combined ground army and a significant number of long-range submarines."

Stewart said a steady buildup of Communist air power in recent years has produced a Red air strength in the Far East of 7,000 to 8,000 aircraft, against which the U. S. Air Force has in this area less than 2,000 planes.

He said the Communist aircraft were built by Soviet Russia and represent almost a third of the total now in existence in Russia and satellite nations.

The estimated total of enemy craft in the Far East includes: 1. About 3,000 jet fighters, largely MIG15 types used in the Korean War.

2. From 500 to 700 IL28 light jet bombers—"These are our main concern. They have the range to carry atomic bombs against targets in Japan, Korea, the Ryukyus and the Philippines."

3. 200 medium piston-engine bombers of the B25 type.

4. 200 TU4 four-engine B29-type medium bombers "with enough range to strike any target in the Far East."

5. Several hundred light piston-engine bombers and attack and fighter planes.

"We must consider the Russian, Communist China and North Korean air units as one air force integrated, closely coordinated, with a center of gravity poised directly opposite Japan and Korea," Stewart said.

Ex-McCook Man Loren Miller Dies

PALOS VERDES ESTATES, Calif.—Loren H. Miller, 48, known to his Nebraska friends as "Boz", died here suddenly of a heart attack.

For years, Mr. Miller made his home in McCook, where he operated a music store. He was a graduate of the University of Nebraska and while at the University was a member of the Phi Gamma Delta. He was a past exalted ruler of the Elks Lodge in McCook.

He is survived by his widow, the former Pauline Ridnour; two sons, Lane and Hillis, both serving in the Air Force; two daughters, Deanne and Patricia; his mother, Mr. and Mrs. C. W. Fry of Clarinda, Ia., and a brother, Ray Miller, of Lincoln.

Mr. Miller was secretary-treasurer of Mercury International Companies.

Body Of Drowned Man Found In Lake

MONOWI, Neb. (AP)—The body of Eugene Simpson, 21, of Monowi, was recovered early Thursday from a lake on his father's farm.

Simpson drowned Wednesday night while swimming in the lake, formed by a flood control dam.

The victim, son of Ralph Simpson, recently was discharged from military service.

Purse Snatched

Two young men followed Mrs. Hattie Cox of 1506 E. for two blocks and then grabbed her purse near 11th and E after dark Thursday night, police were told. Police said the purse contained no valuables.

Mrs. Dernier Dies

Mrs. Laura Deles Dernier, 83, of Elmwood, died Thursday night at a local hospital.

WASHINGTON (AP) — Chairman Cannon (D-Mo) of the House Appropriations Committee declared Thursday Russia has reached military superiority "over the combined powers of all the free world."

He added, in a rafter-ringing House speech, that Russia could wipe out "every modern country in the free world" within 30 to 60 days.

His speech wound up with a defense of the Tennessee Valley Authority and its contributions to national defense. Cannon attacked those who, he said, "in this moment of dire peril would destroy TVA so they can have more dividends."

The theory of retaliation on which this nation's defense has been based is no longer valid, Cannon said because of the destruction Russia could impose with the first blow of an atomic war.

Cannon has access to much secret data as chairman of the Appropriations Committee, but he did not give any source for his sweeping estimates of Russian military power.

But he did say, without elaboration: "We were told only last week" that Russia has "more in numbers and superiority in every respect" in planes to carry atomic bombs.

Administration officials have contended, despite evident Russian air progress, that this nation still retains aerial supremacy. Cannon said Russia has "more submarines than all the rest of the world" and has "more land forces than the rest of the free world can hope to match."

He said this nation has "fallen on evil days," and dares not defend its citizens or its integrity in such incidents as the recent attack by Russian planes on a naval patrol bomber off Alaska.

Courageous Suzan Ball Near Death

HOLLYWOOD (INS)—The dread disease that once cost courageous actress Suzan Ball her leg and almost wrecked her promising film career threatened Thursday to claim her life.

The dark-haired, 22-year-old actress is near death from cancer at the City of Hope Hospital in nearby Duarte, where attendants said she has been placed in an oxygen tent.

The hospital said officially that Suzan's condition was "serious" and that she was undergoing diagnosis "to determine a course of action."

But a hospital source revealed that the cancer which forced the amputation of her right leg a year and a half ago has spread to her lungs.

Stricken Again
The source said Suzan has been on the brink of death several times in the past week.

She was admitted to the hospital last July 5 for treatment of "tumors and allied diseases."

Actually, many Hollywood news correspondents have known for some time that Suzan had been stricken again by the disease, but they agreed not to publish the information at the request of her studio, Universal-International, out of sympathy for her.

The tip-off came recently when Suzan and her husband, actor Dick Long, cancelled their nightclub act because of her failing health.

National Defense Picture Pleases Ike

U.S. Future Is Brightened By New Weapons

By ELTON C. FAY
AP Military Reporter
QUANTICO, Va. (AP)—President Eisenhower said Thursday night there has been a solid accomplishment in national defense, including the incorporation of "new weapons of unprecedented tactical and strategic importance."

The chief executive set forth his views in a message to Secretary of Defense Wilson as the third annual "secretaries conference" opened at this Marine base. Eisenhower, who had visited the two previous sessions of the top-level civilian and military officials, expressed his regret at being unable to attend this year. He explained that he leaves Friday night for the Geneva four-power meeting.

No Elaboration
Although the President did not elaborate on his reference to new weapons, he obviously had in mind the constantly growing, widely varied "family" of nuclear weapons, guided missiles, rockets and other equipment of the atomic age arsenal. Nuclear weapons now range in power from small, tactical size bombs, artillery shells and missile warheads for use against troops on a battlefield to city-smashing hydrogen bombs.

Emphasis in this year's military meeting is on international aspects of the national defense problems. Although the civilian chiefs, generals and admirals—including the Joint Chiefs of Staff—hold detailed reviews and discussions of problems, no decisions are made at the Quantico conferences.

At the outset of the business sessions Friday, the theme of the conference—"international responsibilities of the Department of Defense"—will be set by a half-dozen speakers.

George V. Allen, assistant secretary of state for Near Eastern, South Asian and African affairs, and Adm. John H. Cassady, commander of naval forces in the Eastern Atlantic and Mediterranean, will describe the problems of those areas.

Liquor Election Petitions Checked

FREMONT, Neb. (AP)—City Clerk Leonard L. Larsen reports that about half the signatures on petitions calling for a special election on liquor by the drink have been checked against voter registration. Larsen said his staff was working steadily on the petition chore, but could give no estimate when the work would be completed.

Gembala Transferred To Hebron Soil Office

ARAPAHOE, Neb. — Henry Gembala is being transferred to Hebron to serve as Soil Conservation District area engineer for 10 counties. He has been work unit conservationist with the Soil District at Arapahoe for 14 years.

Tonight Is No Dry Run

Gino Aureli of 1801 Dakota, who plays the part of Jacques, the ship's carpenter, in the production of Sigmund Romberg's "The New Moon," is readied for Thursday night's dress rehearsal.

'The Mighty Casey' At U of N Proves A Fast-Moving Show

By LOUIS CASIMER
Viewers at Thursday night's dress rehearsal of "The Mighty Casey," got a preview of a fast-moving show fine singing and simple but effective scenery and costumes.

The folk opera production by the University of Nebraska music department goes formally on stage Friday night at 8 p.m. at Howell Memorial Theater on the campus.

Escapes Still Gone From Reformatory

Sanders Doss

Two escapees from the State Reformatory were still at large Thursday after the two kidnaped a trusty at the Reformatory and escaped Wednesday afternoon.

The inmates were identified as George Sanders of Goodlettsville, Tenn., and Jerry Doss of Green Forest, Ark., both, 21.

The two forced a trusty, who was not identified, to take them to a point near Crete where two farmers later saw the truck headed south.

Reformatory Supt. George Morris said Doss, who smoked meat for the Reformatory, apparently had forced the trusty to haul a load of bacon to a smokehouse about 100 yards outside the institution's front gate.

A third inmate was reported missing from the regular count, according to Morris. He is Kenneth Fox, 17, who was sentenced to the Reformatory last May 28 for escaping from the Boy's Training School at Kearney.

Fox was sentenced from Saline County on a forgery charge.

Thursday night's dress rehearsal, however, was open to the public.

The hilarious folk opera uses the original verses of Ernest Thayer's "Casey at the Bat," set to music by William Schumann, one of America's foremost modern contemporary composers.

Under the musical direction of Earl Jenkins, the show moved at a fast tempo with good timing. The music, written in the modern idiom, is mildly dissonant and very rhythmic. The singers did an especially fine job of singing and disjunct intervals, and their diction was excellent.

The strategy between the catcher, Glenn Trent, and pitcher, Allen Hartley, was well done. Also, the characters who introduced themselves as players on the team did very nicely. Adding to the comic effects was the buffoonery by Gene Knepper, concessionaire, and Helmut Sienknecht, the band leader.

Carol Jean Armstrong playing the part of Merry, Casey's girl, did an outstanding job of singing and acting. She has a definite feeling for work on the stage. John Schwartz, the watchman, capably tied the show together with his narrations.

Beaver City Losing School Superintendent

BEAVER CITY, Neb. — Norman E. Ash, superintendent of schools at Beaver City, has signed a contract to become superintendent of schools at Missouri Valley, Ia.

Head of the schools at Beaver City for the past six years, he had taught in Nebraska schools for the past 17 years.

Power Line OK'd

The State Railway Commission has granted authority to Consumers Public Power District, Columbus, to construct, operate and maintain an electric transmission line in Holt County.

Solons OK Gas Tax Boost

Ike Bond Plan For Roads Shelved

WASHINGTON (AP)—The House Public Works Committee Thursday tentatively approved federal tax increases on gasoline and other highway user items to raise about \$11,800,000,000 over the next 14 years for a vast road building program.

The committee scaled down by over a billion dollars the increases proposed by a subcommittee. The plan has been—advanced chiefly by Democrats as a substitute for President Eisenhower's proposal to pay for the new roads through issuing bonds.

The committee didn't complete action on the bill Thursday and will take it up again Friday. Thus its actions Thursday still could be changed by more amendments awaiting a decision.

40,000 Miles
The road program, the biggest in history, calls for 37 billion dollars in federal funds and about 10 billions in state funds. Of this, 24 billion in federal funds and 2½ billion in state money would be used to complete 40,000 miles of interstate superhighways, selected largely for their contributions to national defense.

It also contemplates a 25-million-dollar increase each year in the present program of about 700 millions in federal funds for primary, secondary and urban roads. These funds are matched 50-50 by states.

The tax plan is designed to put the big construction effort on a pay-as-you build basis. As it stands now, the new taxes plus present highway user taxes would fall about 5½ billion dollars short of raising the entire 37 billion dollars in planned federal spending.

Gas Boost
The committee tentatively approved these tax increases, which would take effect shortly after the bill is enacted:

Gasoline, from 2 to 3 cents a gallon.

Diesel fuel, from 2 to 5 cents a gallon.

Trucks and buses, from 8 per cent to 10 per cent.

Heavy tires, from 5 to 15 cents a pound.

Heavy tubes, from 9 to 15 cents a pound.

Camelback, used in tire retreads, from no tax now to 15 cents a pound.

The committee adopted, 18-8, a proposal by Rep. Burnside (D-W Va.) to exempt all vehicles not used on highways from any of the proposed tax increases.

Annual Doane College Tour Starts July 25

Lincoln Star Special
CRETE, Neb.—The fourth annual Doane College tour, July 25-August 5, is scheduled to begin with registration Monday, July 25. The tour, which may be taken for college credit, includes visits to 21 towns, major Nebraska industries, and points of historical interest. Also on this year's itinerary is a side trip to the Black Hills of South Dakota.

Prof. John Brenneman, of the Doane College department of history, who is in charge of the tour, states that the group can accommodate two or three more. The application deadline is Monday, July 18.

The tour itinerary includes: Monday, July 25, registration; Wednesday, Crete, Lincoln, and Omaha; Thursday, Fremont; Friday, Columbus, Custer, South Dakota; Monday, Aug. 1, Chadron; Tuesday, Alliance, Scottsbluff, and Kimball; Wednesday, Sidney, Ogallala, and North Platte; Thursday, Kearney, and Minden; Friday, Hastings and Crete.

Ike's Nephew To Wed Sally Booth

FLORALA, Ala. (AP)—The engagement of Miss Sally Ann Booth to Milton Stover Eisenhower Jr., nephew of President Eisenhower, has been announced by her parents, Mr. and Mrs. Joseph Thomas Booth Jr.

Milton Eisenhower is the son of Dr. Milton S. Eisenhower, president of Pennsylvania State University.

Miss Booth, who at present is in Germany, was graduated from the University of Alabama, and had been teaching at Elgin Air Force Base, Fla., during the past year.

Milton Eisenhower Jr. recently completed two year's service as a lieutenant in the infantry of the U. S. Army, stationed in this country and in Berlin. He is now employed by an airline in New York.

Entomologist Advises Evergreen Owners To Watch For Bagworms

A University of Nebraska entomologist advises owners of evergreens to watch out for bagworms which he says are "the worst I have ever seen them here."

Prof. O. S. Bare said the bagworms, practically unknown here a few years ago, were introduced on nursery stock and now are commonly found on evergreens, especially cedars and junipers.

Sprays can be used against the worms in the stage they are in now, Prof. Bare said, but the older the worms get, the more resistant they are to poison.

A fairly effective spray, he said, is three to four tablespoons of lead arsenate in a gallon of water. A paste made from a tablespoon of ordinary wheat flour added to the spray will make it stick to the tree better, he said.

Toxaphene or malathion sprays also are effective, Prof. Bare said. The bagworms hatch in June and will kill evergreens by feeding on the needles.

Lincoln Immigrant From Latvia Helps Relatives To Come Here

A Lincoln woman who came here from Latvia, Mrs. Alise Meiers, helped make it possible for her cousin and her daughter to join her in the United States.

Her cousin, Mrs. Wera Goeritz, and Mrs. Goeritz's daughter, Irene, 16, are here on visas under the U.S. Refugee Relief Program.

Mrs. Meiers, who probably will become a U.S. citizen this fall, had not seen her cousin since she left Latvia six years ago.

Mrs. Goeritz and Irene will live in Mrs. Meiers's home at 1500 Dakota.

Senate Probers Eye Sec. Talbott Financial Interest

WASHINGTON (AP)—The Senate Investigations subcommittee has voted to investigate the relationships between Secretary of Air Force Talbott and the New York firm of Paul B. Mulligan, it was learned Thursday.

Subcommittee members of both political parties, declining to be quoted by name, told a reporter Talbott will appear before the group, probably soon, for questioning about his financial interest in the company. One informant termed it "a company that deals with companies which deal with the government." The company was reported to be an industrial engineering company that deals in efficiency studies.

One source said Talbott has advised the subcommittee staff that he takes no profit from any company that "has a major part of its business with the government."

Kimball County Reports Three New Oil Wells

KIMBALL, Neb. (AP)—Three new oil producing wells were reported in Kimball County this week. There were three dry holes, and 12 new locations were announced.

Hills Construction Co. and Nebraska Drillers brought in another producer on their fairgrounds lease in Kimball. A core in their fairgrounds No. 2 in Gotte Park showed seven feet of good saturation in the J sand.

Kewanee Oil Co. got its seventh straight well on the state school section north of Dix in the Travis field. Kewanee's State No. 7 showed 15½ feet of good saturation.

Magnolia added another well in the southeastern part of the Long Field. The Bassett No. 5 had 20 feet of saturation in the D sand. Shell Oil Co. expected to bring in another producer in the Travis Field in the Travis No. 7, where coming started in the J sand Wednesday.

Nine of the new locations are wildcat tests, widely scattered over the county.

1 Dead, 44 Injured By Lightning Bolt

ASCOT, England (INS)—A British woman was killed and 44 other spectators were injured Thursday when a lightning bolt struck iron railings at Ascot's famed racing course.

The vivid flash toppled the crowd like tennins in a cheap bettors' enclosure across the course from the royal box.

No members of the royal family were present.

Most of the casualties were given emergency treatment in a first aid tent. Sixteen required hospitalization.

Introductory Offer on the NEW FULL-BODIED INSTANT

So full-bodied it makes truly satisfying BREAKFAST COFFEE!

Special label 10¢ OFF Jars of New Instant Chase & Sanborn are at your grocer's now!

Truly satisfying breakfast coffee! That's what you've always hoped for—and missed—in every instant coffee you've tried before.

Now here's an entirely new instant you'll enjoy more than any regular or instant coffee you've ever tried. It's New Instant Chase & Sanborn . . . so full-bodied it gives you twice as much flavor as ever before!

All pure coffee! Takes cream wonderfully! Clear coffee color in the cup! Darker in the jar!

NEW—entirely new Chase & Sanborn

the full-bodied INSTANT

HOW DO YOU LIKE IT?

Only a full-bodied instant can give you true flavor in all 3 strengths!

MILD (But never weak or watery)
Make this new full-bodied instant mild and still get deep satisfying taste.

MEDIUM (But never flat or cloudy)
Made to medium strength this new instant has a clear look and full taste!

STRONG (But never bitter)
Make it strong as you like. Chase & Sanborn keeps its mellow flavor.

Canine Corps To Help Guard LAFB

The Canine Corps will arrive at Lincoln Air Force Base July 25 to assist in patrolling the base.

LAFB's initial experiment with using dogs for sentry duty will be commanded by Lt. Leonard P. Davis Jr.

The 13 German Shepard dogs and their individual trainers were trained at Camp Carson, Colo. The handler and the dog are a working team, according to Lt. Davis.

When asked what specific advantages developed with the use of dogs in sentry work, Lt. Davis said, "their primary value is in night work, which is the only time they will be on duty at this base."

Night Vision

"A man patrolling a post in the dark is extremely limited in his ability to spot intruders. Obviously the darkness cuts his vision sharply. And, unlike a dog, he cannot hear at great distances nor does he have a highly developed sense of smell."

At Camp Carson, he said, dogs have been known to pick up a man's scent as far as three quarters of a mile away. Normally, he said, they can pick up the scent from 200 to 500 yards away.

Eventually, he added, the portion of the bomb dump area selected for the animals will be complete with kennels and an administration building.

A 100-yard square area is slated for animal training purposes. The dogs, he said, needed to be agitated at least twice a week to keep them mean. Their only friend, he added, is their handler. Every other person is a hated enemy.

German Shepherds

Only German Shepherds will be in the group. They range in age from a year to three years old.

"German Shepherds tend to hang on to their prey and bring it to the ground. They'll grab hold of an arm or leg with their jaws and hold on for dear life," he said. "In a sentry dog these are good qualities," he added.

The 13 animals are trained to know their task — hunting humans, he said. All humans, except his handler, are his natural enemies. Consequently, the dogs must be kept tightly fenced in when not patrolling. They are rigidly trained to be obedient, also he added. They will not attack unless

LAFB GETS CANINE SENTRY

Crouching in the grass, a German Shepherd on patrol comes alert at the scent of danger his master has yet to detect. The animals will smell out an inter-

loper at 200 to 500 yards. Lincoln Air Force Base will get 13 of these sentries and their masters July 25. They will be used for night patrol work at the base.

Mrs. Beahr Dies At Age Of 83

Mrs. Elizabeth Beahr, 83, of 1812 K, died Thursday afternoon.

Born at Yutan, Neb., she had been a Lincoln resident for 18 years.

Funeral services will be Sunday at 1 p.m. at Robert's Chapel with Capt. Walter Kennedy officiating. Burial is at Hooper, Neb.

Surviving are her daughters, Mrs. Mabel Poggse and Ella, both of Fremont, and Ruby Byer of Hooper; sons, Luther of Valentine, Alvin, Merle and Frank, all of Lincoln.

released from the handler's strap, he said.

In addition to Lt. Davis as Kennel Officer, T-Sgt. Charles P. Caples has been assigned to the base as NCO in charge and M-Sgt. Donald C. Johnson, munitions security NCO, will handle the assignment of animals to given patrol areas. T-Sgt. Ronald W. Hagan will be dog training NCO.

Probation Ended For Lincoln Man

Jack Elliott, 28, of 1224 No. 46th was given a one-to-three year Reformatory term in Lancaster District Court following the court revocation of his probation.

Elliott was sentenced on a charge of issuing a \$60 no-account check to which he had pleaded guilty and had been placed on two years' probation in June, 1954.

His probation was revoked after Elliott admitted violating its terms by failing to report to Adult Probation Officer George Meyer and failing to make restitution of \$280 worth of bad checks.

Elliott asked the court "for another chance," but Judge Paul White said the defendant's record while on probation did not warrant similar court action.

But the judge told Elliott he would have the chance to serve only a minimum sentence by making a good record.

Ground Observer Corps Here Takes Birthday 24-Hour Shift

By ELLIS RALL
Star Staff Writer

Lincoln Ground Observer Corps personnel observed the third anniversary of the organization by switching from a standby basis to a 24-hour operation schedule here.

Two Lincoln observation posts are maintained, one at Union College and one at the Goodyear plant at Havelock. Mrs. Robert J. Turner supervises the Southeast post and Andrew Remmenga heads the Havelock lookout.

Lincoln was one of 600 manned observation posts in eastern two thirds of Nebraska and the western third of Iowa that undertook the 24-hour "Operation Skywatch."

11 Still Missing In Sea Mishap

VERACRUZ, Mexico (AP) — Fishing boats and Coast Guard vessels searched the sea and along the shores near Veracruz Thursday for 11 persons missing after the sinking of a small passenger boat.

Thirty passengers and crewmen aboard the 145-ton La Flecha (The Arrow) have been found safe in a rescue ship, or on beaches near Alvarado, 40 miles south of Veracruz. Five bodies have been recovered from the sea — two children, two men and a woman.

The La Flecha sank in stormy seas Tuesday night 40 minutes after sailing from Veracruz, but the disaster did not become known until Wednesday when a coastal freighter picked up nine crewmen at sea.

which began at 1 p.m. Thursday. The volunteers report aircraft to the filter center at Omaha. If planes cannot be identified by the center or radar stations, jet interceptors are sent up from Sioux City, a spokesman of the group said.

Here in Lincoln, Mrs. Turner accounted for 170 persons enrolled in the Southeast station, but sent out a call for more volunteers.

It takes 168 persons to operate the Southeast station 24 hours a day, seven days a week, she said. Each person works two hours per week, she added.

Remmenga has only 60 volunteers for the Northeast station which makes it almost impossible to go to a 24-hour schedule without additional volunteers.

Mrs. Turner said the Southeast station has been in operation about a year longer and that is one of the reasons for the differences in numbers of volunteers between the two.

Like 400 Members

She would like to see volunteer membership jump to 400. A city the size of Lincoln, she said, should not have difficulty in recruiting that many.

Training meetings for the organization are held the second and fourth Tuesday of each month at Union College, she added. She urged and invited the public to attend the meetings which concentrate on aircraft report procedure. To celebrate the anniversary, a public graduation dinner was held Thursday evening at the Lincoln Hotel. Volunteers trained by Air Force personnel were presented certificates and wings.

Maj. Gen. Guy Henninger addressed the group and spoke of the third anniversary of "Operation Skywatch." Austin Bacon, deputy state Civil Defense director, also addressed the group.

17TH and SOUTH 27TH and "O"

These Electric Days

These are electric days. In Moscow the Red ministers are huddling in last moment preparation for Russia's part in the soon-to-be Summit conference at Geneva. In Paris and elsewhere in the West their counterparts for Democracy are similarly occupied. Soon the heads of state for Russia, United States, England and France will face one another at Geneva—and the great quest for peace will open. For better or worse history will start another chapter and four men must write its terms, and those terms will depend on the greatness of mind and imagination of those four.

Despite the tensions, the cold wars and the

rush for armaments the past decade has had its victories. It refrained from major war. It did not achieve peace, but in its way it prepared the soil for it. The world does not expect a miracle at Geneva. It is content that the four heads of state are meeting for peaceful purposes and will be happy if from the discussions there comes ever-so-dim but nevertheless more promising, more hopeful pathways toward peace. New concepts of life do not come in a flash. They are worked out painfully and over long periods. And today the world needs a new concept. The Four Power meeting is a step, a detail in its formation.

Sorghum On The Job Again

There is an agricultural crop called sorghum. In Nebraska where corn and wheat reign in the minds of most as co-rulers of the market and as the principal figures at court, sorghum is just plain common people.

But sorghum did yeoman work carrying a drought-ridden Middle West to economic survival in the mid-thirties. And once again it is playing a significant role. It is proving a promising crop, picking up the slack in acres thrown out of corn-wheat production by a surplus ridden federal Department of Agriculture. It is earning the role of volunteer fireman. Nebraska farmers this summer have approxi-

mately 1,200,000 acres in sorghum, 50 per cent more than last year and three times the 10-year average. Always a hardy dry weather crop, it seldom fails to produce satisfactory yields. It has divers uses, too. It can supply forage, ensilage and grain. It is the latter that is figuring in Nebraska's present adventure in diversification. As a grain it serves as a corn replacement for cattle and is an acceptable ration for sheep. Like its companion, the soybean, sorghum gives promise of balancing out the state's farm production equation and Nebraska, therefore, takes renewed interest in it.

Questionable Economy

The country appreciates congressional efforts at economy, but there are many who will say that the House Appropriations Committee cut

Of Men And Things

By J. E. LAWRENCE
PALOS VERDES ESTATES, Calif. — When the historian of tomorrow tells of these years between 1910 and 1960 he may choose to write of man's conquest over space, his triumph over time. It has taken place to a much greater extent than millions of us, occupied each day with the details of our own little world, realize.

In the gathering dusk with the family for company we paused at the Los Angeles International Airport a few nights ago to watch four giant planes take off on their non-stop flights to New York City. The roar of the idling motors—these air giants have engines furnishing them 16,000 horse power—makes conversation futile. The sun was dropping below a distant horizon in the foggy Pacific — the field lights were coming on—and as one of the giants sped down the lengthy take-off strip you realized that with a little bit of luck those aboard would be putting down at La Guardia Field in New York City approximately seven hours later. It is a far cry from the rumbling covered-wagon caravans which carried boisterous men, rough and tough, to this Golden State in search of gold a hundred years ago. While watching for the four to take off, seven of the giants put down. The incoming ship has the right of way. And while the planes probably were more than 25 to 50 feet above us, we must admit they followed the beam to too close for comfort. We were told that on an average at this time 17,000 people land every 24 hours from all parts of the world and from North American air centers. A few hours earlier the visitors may have been in the Orient, in Mexico or in South America. Now they were on the free soil of America. The Scandinavian Lines are operating a service which calls for a flight over the North Polar region. It is a relatively few hours from Los Angeles to the Scandinavian landing ports. We asked how many left each day and got a somewhat less satisfactory answer. But if figures mean anything the records in 1954 show that the International Airport here handled in excess of 2 1/2 million passengers, and approximate 2 1/4 millions the year previous, and 2 1/4 million in 1952.

Of necessity for a portion of the day one watching the flights in and out is impressed with the cosmopolitan atmosphere . . . there are strange languages . . . here the races of the world meet . . . here one may take note of distinctive dress, customs and habits—and permit his thoughts to span space while cataloguing these strangers from distant lands.

One of the most interesting passengers was a little mother who may have come in from the Orient. She had a little girl we would have guessed to be three years of age. Then strapped to her shoulders she carried a baby, not many months old, the apparatus itself suggesting that harness which the little mothers of China or India use. They are enlarging the airport dining room facilities at this time. We will not attempt to estimate the new space which will become available when the work is finished. But it appeared that the dining room spread itself out over more than a solid block as an addition to the space a year ago. There is a great deal of talk within Congress and out that we are falling behind in the spirited struggle for supremacy in the sky. We have no knowledge whatsoever of the real meaning of acceptable progress in the air. But what one sees is very comforting. This port has grown unbelievably in expanded facilities and plants in the last twelve months. It is the impressive evidence of a national determination to keep America out front, militarily. In quarters apart from the field there are new research laboratories. In the fading lights and behind heavily guarded gates and fences, we saw row after row of the Army's pride in the sleek, shining jet bombers which spell progress. Not far away in another section, one could see line after line of the Navy's dive bombers. On it goes—this race for supremacy—and on it will continue to go until men discover how to live with one another peacefully. Where or when will it end? The top level summit meeting gets under way at Geneva today.

The heavens echo while in the darkness overhead the whirling, roaring motors testify to man's scientific skill and to his conflicting ambitions . . . We still can chuckle at the recollection of that dear little woman—obviously indifferent to the vast changes taking place in the world—chugging along a modern highway in what best can be described as an energized tin bathtub. Fortunately for her, battlefields and earth-spitting hydrogen bombs are not a part of her daily thoughts.

DREW PEARSON

Peace Has Tried Hard At Geneva

(Ed. note — Drew Pearson has flown to Geneva to cover the Big Four meeting and today writes his first column on that important forthcoming event.)

GENEVA — Inside fact is that President Eisenhower at first didn't want the Big Four talks to be held in Geneva and argued against this city when the Russians first proposed it. Like is a bit superstitious, and to him Geneva was too closely identified with the Indo-China conference which his secretary of state ballyhooed as the "world's best hope," but which turned out to be one of this country's most crushing diplomatic defeats. To other diplomats, Geneva is a city which has watched some of the world's greatest tragedies and the world's greatest hopes.

It watched the birth of Woodrow Wilson's dream of a bright new and peaceful world. And it watched Emperor Haile Selassie walk down from the League of Nations' rostrum, after his plea for helpless Ethiopia, a heavy-hearted, beaten man. It heard the silence that followed him, more eloquent than his plea — eloquent of the league's inability to challenge the staggering might of Mussolini.

It watched the ambassador of Adolf Hitler bluster out of the disarmament sessions when Franklin Roosevelt was making one last attempt to block rearming of Nazi Germany. And it watched Japanese ambassador Yoshizawa insult the council by keeping it waiting a full hour during the Manchurian crisis and then saunter down the aisle, stogie at jaunty angle, to announce his usual alibi: "I am waiting instructions from my government."

ED FITZHUGH

Impatience Should Reap Just Reward

Waitresses and waiters ought to belabor the general public over the head occasionally with a bowl of bean soup. Figuratively speaking, so should everyone else who is engaged in the so-called services lines of business or industry, including clerks, gas station attendants, information girls, receptionists and the like. As a general rule I am not one to advise uncontrolled assault upon a fellow human being, but for a long time I have wondered how people like waitresses ever get through a standard eight-hour day without being arrested at least five times for attempted homicide.

Now there is an advertisement running in some of the magazines that makes me wonder if the fellow who wrote it shouldn't be the target for the first concerted assault. This ad has a big picture in it of a grouchy, mustachioed old character with his lips pulled clear back to his tonsils in a vicious snarl. He is shouting, "Drat it, waiter, I told you to bring me Odds Bodkins Bock! Nothing else is as good!" (That isn't the name of the stuff, but I'm darned if I'd even give it a nod in passing, considering the rudeness of its representative to some hapless waiter.)

If the snarling old man in the ad were an exaggeration of some

It also saw William Baldwin Shearer buttonhole newsmen and admirals as a \$40,000 lobbyist for Bethlehem Steel, Newport News Ship and New York Ship to prevent naval disarmament. It saw American and British oil companies warn the diplomats not to bar oil to Mussolini's navy—the only way to stop his invasion of helpless Ethiopia. And it saw the diplomats bow supinely to that warning. Dollars then were more important than peace.

And it watched the repeated conversations between that old battler for peace, Aristide Briand, and German delegates in an effort to patch up a partnership between those two age-old archenemies, France and Germany. As these conversations failed, it also watched the huge mustachios of Aristide Briand droop lower and lower, as the League of Nations more and more sank to the point where it had only the noncontroversial task of preventing opium smuggling.

But there is one big difference between Geneva's failures of the 1920-30's and the position President Eisenhower is in today. The League of Nations in those days was operating without the United States. It was limping on one crutch, with the other crutch, the most powerful nation in the new world, aloof, suspicious, and isolated.

Even when Japan invaded Manchuria in 1931 in the forerunner of a general conquest of China and eventual world war, American isolationists shrank in horror when Secretary of State Henry L. Stimson instructed the American consul general in Geneva, Prentiss Gilbert, to attend the League council merely as an observer.

(Copyright, 1955, By Bell Syndicate, Inc.)

THE NEIGHBORS SAY

Buffalo Herds In The Wilds Of Nebraska

By MONA B. PARKER

Another mystery reported from various parts of the state apparently has been solved. From Beaver City, from Getma, from Cambridge and Plymouth came items telling of what appeared to be a cross between potatoes and tomatoes, with small green tomato-like clusters appearing on the potato stems. The Beaver City Times-Tribune was inclined to credit it to the "mighty good crop land" of Furnas County, but the Plymouth News had a more logical explanation. One grower there described them as potato seeds, and said he had seen plants in Germany with similar seed growths but had never seen them here before.

An apple tree in Bruno has more or less flipped its lid. With one apple from the first spring blossoming still clinging to the boughs the tree which produces a winter variety of fruit is again in full bloom . . .

A Polk writer was somewhat incensed at the general back-seat attitude that Nebraskans are strictly from Hayseed Center, U. S. A. "Too bad," he declares, "that more of them don't come to Nebraska and find out we are past the horse and mule stage and declare it to be old-fashioned to hoe corn . . ."

An introduction brought this: "Nebraska! What do you do in Nebraska?" Instead of Polk taking a poke, which would no doubt have given him a great deal of midwestern satisfaction, he replied: "Keep our buffalo herds in check so they don't destroy our crops and gardens." And the glib easterner was inclined to believe him . . .

But the story wasn't as far-fetched as the Polk writer might have thought. North of Holdrege a herd of 22 of the shaggy creatures belonged to Dr. T. A. Peterson broke out of their pasture and went on a rampage that had a brief bit of the flavor and action of the Old West. All but two were finally rounded up by shotgun-toting volunteers. A bull was shot

Now, mothers, hear this. It's as good an argument against the universal substitution of slacks for skirts as is ever likely to come along. An Alma mother left her young shirt-and-jeans-clad daughter in the barber shop while she went about her shopping. Returning some time later, she was horrified to find that the well-meaning barber, mistaking the girl for a boy, had given the youngster her first — and probably last — "butch" haircut. Jeanie with the light blue jeans was undismayed, however, The thought of not having to comb her hair delighted her.

by a Lexington game warden near Amherst, but a cow is still wandering around somewhere, probably bewildered and confused at the modern-day maze of obstacles where once her ancestors roamed wild and free . . .

Exeter, unlike some communities, is proud of its wool-gathering, especially when it amounts to a single shipment of 3,180 pounds headed for the Kansas City market. That much left Exeter last week, result of the labors of two local growers and product of 260 sheep. Five minutes' time shearing per animal, times 260 sheep, is . . . a lot of hard work.

Art Smith has been working with sheep all his life. His parents brought a few ewes with them from Iowa in 1871. Now he and his son, Alvie, keep about 100 ewes, and this year 120 ewes produced 165 lambs for them. Ray Neville has been interested in the business only three years, and received most

of his pointers from his neighbors, the Smiths.

An irate reader of the Spalding Enterprise undertook to put Editor Jim Conway in his place, stating bluntly that the business of a small town paper is to be neutral and that if he continued to write editorials criticizing people who are smarter than he, she would discontinue her subscription . . .

Jim—whose idea of his "place" is widely at variance with that of the lady—responded that he would dislike losing her for a reader, but her individual choice of reading matter was her own privilege.

Most people today, he says, are content to let a "pushing minority" turn their thoughts and ideas into the law of the land. But as for himself, "we have never liked being pushed around and are too old to start liking it now." Hence he shall "continue chucking that high hard one when the occasion calls for it."

(Copyright, 1955, By UF Syndicate, Inc.)

MARQUIS CHILDS

Middle Ground Looks At Geneva

GENEVA—As the heads of state of the two great centers of power East and West prepare to confront each other here in neutral Geneva it is important to realize how this meeting looks from the middle ground. In Yugoslavia this reporter talked with the top men around Tito as well as with diplomats of a half-dozen middle-ground nations committed to neither Moscow nor Washington. What follows is a composite of their hopes and fears. And in particular it reflects the intimate and long-time knowledge of Yugoslav Communists who have dealt over the years with Communist Russia, both as ally and as enemy.

"We believe that Russia genuinely wants a settlement which would mean gradual relaxing of tensions," I was told. "There are many reasons why this should be true. First, they are really afraid that America has aggressive intentions. They are also fearful that a rearmament Germany will have aggressive designs in ever-closer alliance with the United States."

"A second factor is the growing realization among high-ranking Soviet military men of the total destructiveness of atomic and hydrogen warfare. They have come to this realization late because they have so long been predominantly concerned with land warfare. The consequences of nuclear warfare and the necessity to prevent it is believed to have been the main subject of the correspondence between President Eisenhower and Marshal Zhukov. A third factor is the economic difficulty especially in agriculture. There is no doubt this is serious and widespread. But you Americans must not believe that Russia has been compelled to come to Geneva out of weakness. It would be a tragic miscalculation to assume, as your secretary of state seems to assume, that collapse of the Soviet system is in sight and that, therefore, you need not make any move toward a real settlement."

"The present Soviet policy has been made as the result of deliberate choice. Even more important to understand is that if this policy fails at Geneva or in the aftermath of Geneva, then the Kremlin masters — or another set of bosses — can throw the gear in reverse and return to the old policy of cold war, with the looming threat on the horizon of a final desperate resort to hot war."

"You must understand that while Beria and some of the principal advocates of the old Stalinist line have been removed there has been no wholesale purge of an entire opposition, such as occurred in the late 'thirties. This means that those ready and even eager to go back to the tough policy are in the immediate background. What is more, you may be sure that Khrushchev, Bulganin and company now, carrying out the new policy believe in it with only half their minds. They could revert quickly to the old attitude of implacable hostility, of revenge and reprisal."

"In this connection Khrushchev's remark that Russia was not coming to Geneva with broken legs—meaning not compelled by weakness—is highly significant. It reflects the suspicion and doubt that will certainly be increased by

Dulles' talk of economic collapse.

"With a will to settlement on both sides, peace can be achieved. This will come not in a few months but after years of difficult and often painful negotiation. But if you now hold back, thinking that in two or three years you can have peace at your own dictation, you will risk an even graver danger of war than existed before the present effort."

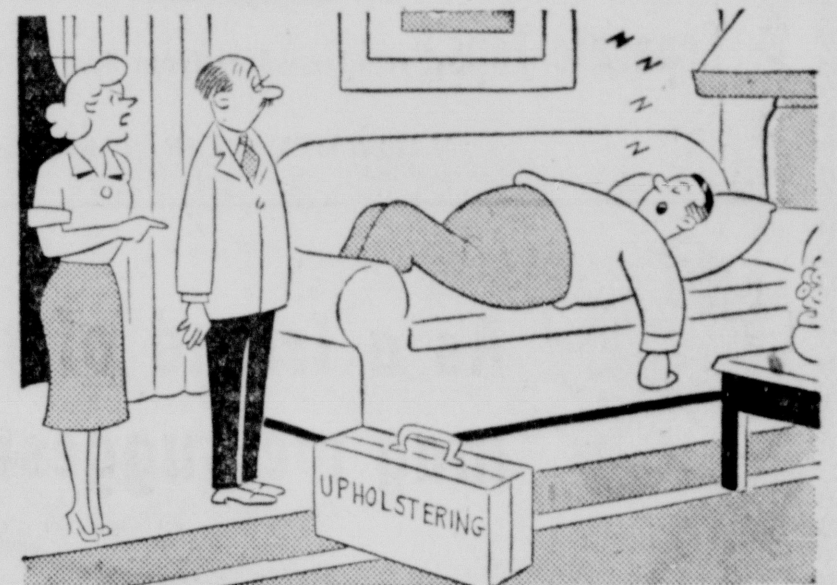

"Consideration of the punishment their people might take has never deterred the Communists from pursuing a particular policy line.

In the early 'thirties millions died of starvation as a consequence of enforced collectivization. So, despite their present economic troubles, they could slam the door shut again and make their people pay the price. And they might finally conclude that Russia, with its vast land mass and its dispersed industries, could better absorb the shock of nuclear war than America where the concentration is so great. The fatal error in this conclusion would not matter once the world was in ruins and humanity decimated."

Can Get Along

A small but amicable example of world cooperation emanated recently from a multi-powered conference in Paris. But it was an unusual subject—the co-ordination of effort in forthcoming Antarctic expeditions.

Scientists largely participated around the conference table which was notably devoid of political and economic rivalries. The Russians blandly waived rights to locate the South pole itself, saying they would just as soon look over a considerable piece of ground some distance away. And other nations did not insist each upon having bases for permanent observation where there were to be enough otherwise. And all agreed to do all they could for each other in the way of finding and exchanging weather facts.

300 Seek 32 Safety Patrol Posts

Nearly 300 men have requested application blanks to the 32 State Safety Patrol posts now open, Col. C. J. Sanders reported Thursday. The deadline is Saturday. Men considered good prospects after their application has been checked and after they have been interviewed will be invited to attend training sessions opening at Camp Ashland Aug. 23 and closing Sept. 27.

\$325 To Start

Those picked for immediate duty will go to work Oct. 1 at \$325 per month. After six-months' proba-

tion, a patrolman receives \$350 per month.

During probation a man is assigned to an experienced trooper. After that he is given a car and sent out "on his own."

Until recent legislative action, authorized strength of the patrol was 137 men, but eight vacancies had resulted from resignations, retirement and a death.

The Legislature provided an additional appropriation to raise the authorized strength of the patrol to 161.

Col. Sanders told the Budget

Committee Nebraska needed 50 additional patrolmen to meet recognized standards and traffic demands.

The Legislature authorized only 24 additional men.

The additional men will be used first to re-build patrol strength where vacancies exist. The remaining men will be assigned to spots where present forces are inadequate, or where traffic has grown to such an extent a patrolman now is needed.

\$240,000 In State Gravel Work Slated

The Highway Department has called for gravel bids on maintenance projects in 48 counties, to be opened Aug. 4.

Total estimated cost is \$240,000.

The projects:

On Nebraska Highway 1 between Elmwood and Murray, Cass County, 2,995 cubic yards.

On Nebraska Highway 50 between U.S. Highway 94 and Syracuse, on highway between Avoca and Nebraska Highway 50, on highway between Otoe and Nebraska Highway 50, and on Nebraska Highway 67 between U.S. Highway 34 and Dunbar, in Cass and Otoe Counties, 2,385 cubic yards.

On the highway east and west of Elk Creek between the junction with Nebraska Highway 50 and Nemaha County line, in Johnson County, 300 cubic yards.

On Nebraska Highway 41 between U.S. Highway 81 and Nebraska Highway 15, in Saline and Fillmore Counties, 2,945 cubic yards.

On Nebraska Highway 4 between U.S. Highway 81 and the north junction with Nebraska Highway 15, in Jefferson and Thayer Counties, 2,045 cubic yards.

On Nebraska Highway 35 between the Nuckolls County line and Nebraska Highway 81 and on highway between Byron and Nebraska Highway 35, in Thayer County, 2,040 cubic yards.

On Nebraska Highway 74 between the Clay County line and Nebraska Highway 15, in Fillmore and Saline Counties, 4,935 cubic yards.

On Nebraska Highway 67 between Dunbar and U.S. Highway 73 and 75, in Otoe and Nemaha Counties, 2,860 cubic yards.

On Nebraska Highway 65 between Burchard and Kansas State line, in Pawnee County, 1,500 cubic yards.

On Nebraska Highway 62 and 67 between Shubert and Falls City and on highway north of Verdon, in Richardson County, 2,140 cubic yards.

On Nebraska Highway 67 between Nebraska Highway 3 and Nebraska Highway 62, in Nemaha and Richardson Counties, 2,210 cubic yards.

On Nebraska Highway 65 between Nebraska Highway 14 and west junction with Nebraska Highway 50, in Pawnee County, 1,600 cubic yards.

On Nebraska Highway 5 between Doshier and Nebraska Highway 4, in Thayer County, 1,500 cubic yards.

On Nebraska Highway 370 between U.S. Highway 6 and U.S. Highway 73, in Sarpy County, 1,665 cubic yards.

On Nebraska Highway 91 between Newman Grove and Humphrey, in Madison and Platte Counties, 2,285 cubic yards.

On Nebraska Highway 12 between Nebraska Highway 35 and Boone County line, in Knox County, 3,075 cubic yards.

On Nebraska Highway 84 between Center and Bloomfield, in Knox County, 1,450 cubic yards.

On Nebraska Highway 59 west of Nebraska Highway 14, in Knox County, 600 cubic yards.

On Nebraska Highway 59 between Creston and Nebraska Highway 18, in Knox County, 1,800 cubic yards.

On Nebraska Highway 80 between Elgin and U.S. Highway 281, in Wheeler and Antelope Counties, 1,675 cubic yards.

On Nebraska Highway 91 between Nebraska Highway 52 and Abion, in Boone County, 1,500 cubic yards.

On Nebraska Highway 32 between Nebraska Highway 91 and Nance County line, in Boone County, 3,075 cubic yards.

On Nebraska Highway 32 between Petersburg and Nebraska Highway 32, in Boone and Madison Counties, 1,800 cubic yards.

On Nebraska Highway 5 between Superior and Thayer County line and on Nebraska Highway 5 between Huskin and Nebraska Highway 35, in Nuckolls County, 3,775 cubic yards.

On Nebraska Highway 60 between Nebraska Highway 11 and south junction with Nebraska Highway 58, in Howard County, 3,300 cubic yards.

On Nebraska Highway 91 between U.S. Highway 281 and Spalding, in Greeley County, 2,150 cubic yards.

On U.S. Highway 281 between Wheeler County line and Greeley, in Greeley County, 2,000 cubic yards.

On Nebraska Highway 22 east of Scottia, in Greeley County, approximately 1,500 cubic yards.

On U.S. Highway 83 between McCook and north junction with Nebraska Highway 23, in Lincoln, Frontier and Red Willow Counties, 2,653 cubic yards.

On Nebraska Highway 235 between Curtis and Elwood, in Frontier County, 3,140 cubic yards.

On U.S. Highway 283 between Elwood and south junction with Nebraska Highway 235, in Gosper County, 730 cubic yards.

On Nebraska Highway 628 between Nebraska Highway 47 and Elwood, in Dawson, Frontier and Gosper Counties, 2,500 cubic yards.

On Nebraska Highway 23 between Smithfield and Bertrand and on highway south of Bertrand, in Gosper and Phelps Counties, 2,100 cubic yards.

On U.S. Highway 283 between Arapahoe and south junction with Nebraska Highway 235, in Pottawamie and Gosper Counties, 2,715 cubic yards.

On Nebraska Highway 283 between Nebraska Highway 59 and Kansas State line, in Furnas County, 1,460 cubic yards.

On Nebraska Highway 44 between Astell and Nebraska Highway 4, in Kearney and Franklin Counties, 876 cubic yards.

On highway south of Wauwata and Dund County line, in Chase County, 850 cubic yards.

On Nebraska Highway 92 west of Arnold, in Custer and Logan Counties, 1,820 cubic yards.

On U.S. Highway 83 north of Stapleton and on Nebraska Highway 92 west of Stapleton in Logan County, 3,150 cubic yards.

On U.S. Highway 183 between Sargent and Ansley, in Custer County, 2,030 cubic yards.

On Nebraska Highway 7 between Dund County line and Nebraska Highway 15, in Blaine County, 3,280 cubic yards.

On Nebraska Highway 23 between Granger

and Wellfleet in Perkins and Lincoln Counties, 1,274 cubic yards.

On Nebraska Highway 23 between Wellfleet and U.S. Highway 83, in Lincoln County, 724 cubic yards.

On Nebraska Highway 25 between Sutherland and Wallace in Lincoln County, 3,512 cubic yards.

On Nebraska Highway 80 between U.S. Highway 83 and west junction with Nebraska Highway 92, in Lincoln and Logan Counties, 1,464 cubic yards.

On Nebraska Highway 7 between Amesworth and Brewster, in Brown County, 6,400 cubic yards.

On U.S. Highway 183 between Springfield and South Dakota line, in Keya Paha County, 3,250 cubic yards.

Court Throws Out Segregation On S.C. City Buses

Dixie's Separation Practice Is Under Fire On Several Fronts

By The Associated Press
Southern proponents of segregation lost another battle Thursday as the traditional Dixie practice of separating the white and Negro races came under heavy fire on several fronts.

The U. S. 4th Circuit Court of Appeals in Richmond, Va., threw out segregation on city buses in ruling on a Columbia, S. C., case. The court said the principle applied by the U. S. Supreme Court decree outlawing public school segregation "should be applied in cases involving transportation."

End Transportation Practices
In Washington, both Congress and the Interstate Commerce Commission were asked to end other transportation segregation practices.

The National Assn. for the Advancement of Colored People urged the ICC to follow the Supreme Court public school segregation decision and abolish all segregation in interstate transportation.

Vic To Name Omaha Judge By Next Week

Appointment of an acting municipal judge for Omaha probably will be made by Governor Victor Anderson early next week.

Omaha officials have requested that the governor make the appointment because of the disbarment of Omaha Municipal Judge Lester Palmer.

The disbarment proceedings were not expected to affect Palmer's completion of his present term, but since it is understood that he will be assigned no cases, the work load on the other judges will be heavy.

The governor has the power to appoint an acting judge in an emergency.

Attorney General C. S. Beck ruled that the present Omaha situation is an emergency and in a letter to the governor, stated: "It is our opinion that if the presiding judge of that court should enter an order that the judge in question should have no further cases assigned to him so long as the judgment of disbarment stands and you are so advised, that you would be justified in finding that an emergency exists. . . and would have the authority to appoint an acting municipal judge for the court."

Gov. Anderson said he understood that Omaha officials have found a means of providing city money to pay the salary of an extra judge.

Air Bill Signed
WASHINGTON (AP) — President Eisenhower signed a bill authorizing a five-year, 25-million-dollar program of federal aid to combat air pollution. It authorizes grants to state and local governments and use of part of the funds for federal experiments in the control of smog and other forms of air pollution.

Barney Lists Expenses
The secretary of state's office reported Thursday that Chauncey Barney had listed spending \$1,178 as a lobbyist for the Nebraska Building Chapter of Associated General Contractors and \$1,066 as lobbyists for the Citizens Association of Lincoln.

Dynamite Blasts Rip Dairy Plant
LITTLE ROCK, Ark. (INS) — Two dynamite blasts wrecked the interior of a dairy plant early Thursday, causing damage estimated at \$150,000.

The first explosion occurred at 2 a. m., the second shortly after 3 a. m. State police officer Floyd Weaver discovered a third bomb, containing 21 sticks of dynamite, which he removed from the plant.

The dairy plant, located outside Little Rock's city limits, has been employing non-union drivers as a result of a strike called by the AFL Teamsters Union last March.

Road Engineers Open State Meet

Division engineers and construction engineers met with Department of Roads and Irrigation personnel Thursday to start a two-day meeting at the state Testing Laboratory here.

H. G. Schlitt, deputy state engineer, said most of the day was spent discussing department policies. The object he said was to obtain a uniformity in policies regarding personnel.

Slated yet for discussion, he said, was new legislation passed recently by the Unicameral and establishment of division engineering headquarters and assignment of personnel there.

Also on the schedule is discussion of the design and type of headquarters buildings for the eight divisions in the state.

Headquarter buildings have been proposed for divisions at Norfolk, Grand Island, North Platte, McCook, Bridgeport and Ainsworth, he said.

The meeting is scheduled to continue Friday.

Delehant Rules VA Has No Right To Assigned Hospital Insurance Policy

... Government May Appeal To U.S. Supreme Court

By VIRGIL FALLOON
Star Staff Writer

A court ruling of significance to approximately 200 companies which write hospital, medical and surgical insurance was handed down Thursday by U. S. District Judge John W. Delehant. His decision may be appealed to the U. S. Supreme Court.

In effect, Judge Delehant held that the Veterans Administration may not collect on the insurance policy of a patient - veteran, even though the veteran assigned to the VA such policy benefits on becoming a patient at the VA hospital.

Thursday's court decision was said to be the first adjudication of the question, long an issue between the VA and insurance companies.

The federal government, which moved to have the court judgment dismissing its complaint vacated, was expected to appeal the case to the U. S. Supreme Court.

On Polio Policy

The test suit was brought by the United States against the St. Paul Mercury Indemnity Co., of Minnesota, to recover \$4,300 in connection with a so-called "family poliomyelitis expense policy" issued

to Gray Kinner of Minden, Neb. Kinner, a World War II veteran, was stricken with acute polio and was hospitalized at the Lincoln VA hospital for nearly a year.

He was admitted on the condition of assigning to the Administration of Veterans Affairs, all claims, demands, awards and causes of action, which he might have by reason of any liabilities of third parties entitling him to hospital care. In this case, the third party was the insurance firm.

The insurance company paid Kinner \$981.08 for expenses incurred for medical services other than those furnished by the Veterans Hospital, and has made other subsequent payments.

Terms of Policy
The St. Paul Mercury policy assured protection "in amount of expenses actually incurred by insured for required medical treatment" not exceeding \$5,000 per family member.

In a memorandum opinion, Judge Delehant said the controlling section of the U.S. Code provided that VA hospital care be furnished to a veteran "who is in need of hospitalization. . . and is unable to defray necessary expenses therefore."

The court held that "short of a determination of fraud justifying the denial of admission or termination of stay. . . the Veterans Administration has no discretion" to require a veteran to assign the benefits provided in an insurance policy by which its terms provide for reimbursement of expenses for hospitalization and treatment.

Judge Delehant noted that the government was proceeding against the defendant company alone for reimbursement of VA Hospital services and did not con-

tend the patient - veteran was liable for payment.

The judge said Congress did not intend to commercialize VA hospitals with a patronage limited to veterans. The VA hospitals are essentially charitable, he said.

The opinion added that Administrative regulations must be in promulgation, but not perversion, of federal statutes.

Judge Delehant ruled in favor of the defendant company and dismissed the government's complaint.

C. C. Frazier, former State Insurance Commissioner and now general counsel for the Health & Accident Underwriter's Conference, an insurance trade organization, termed Judge Delehant's decision "entirely right."

He said the court decision was based on the premise that the veteran does not incur any expense when he enters a Veterans hospital.

"If companies were compelled to pay in this and similar cases, rates must be materially increased. This is because of longer stays permitted in Veterans hospitals than in private or commercial hospitals," Frazier said.

Orphans Receive Weekly Allowance

CORSICANA, Tex. (AP) — Just like youngsters with real families, kids in the Corsicana state orphans home now get a weekly allowance.

Before he died three years ago, John C. Wende of Austin, Tex., set aside income from some of his property to provide spending money for the orphans here. Litigation over the will delayed the first allowance money, which arrived this week in the form of a \$1,089.60 check.

Supt. R. L. Boyd said there'll be a check of about \$1,200 every three months, enough for about \$1 a week per orphan. As Wende directed, they'll get to spend it as they want.

POTATO CHIPS

Pledge Fulfilled

FORT WAYNE, Ind. (INS) — An abbreviated edition of the Fort Wayne Journal-Gazette hit the streets as executives of the newspaper fulfilled a pledge to issue the paper despite a work-stoppage staged by local 78 of the International Typographical Union.

Clifford B. Ward, editor of the afternoon newspaper, the News-Sentinel, said printers also failed to report there for work. The ITU members, numbering about 130 for the two newspapers, were reported attending a union meeting.

International president Woodruff Randolph of the ITU was reported enroute to Fort Wayne in an effort to settle the dispute over vacations and pensions.

It gets old, dingy nylon white again!

It gets all wash the whitest ever!

It's new SURF with ultraviolet whitener!

Here's the answer to the washing problem that's stumped just about every woman in the country! It's Surf, and it contains a new scientific whitener that puts the power of ultraviolet rays (like those in sunshine) to work for you. And it works whether you dry your wash indoors or out!

Right away, you'll see that it keeps nylon white. After several washes, you'll also see that it gets old nylon white again! No bleach or bluing needed. Nothing extra to buy. Surf alone does the job. In fact, no other detergent can get all your wash (cotton-rayon-nylon) as white and clean as Surf with the ultraviolet whitener. Yet it's completely safe for all fabrics—and mild to hands, too!

You've got to agree that Surf actually does all we say it will. If not, we'll return every penny you paid. Better put today's Surf on your shopping list right now!

Court Throws Out Segregation On S.C. City Buses

Dixie's Separation Practice Is Under Fire On Several Fronts

By The Associated Press

Southern proponents of segregation lost another battle Thursday as the traditional Dixie practice of separating the white and Negro races came under heavy fire on several fronts.

The U. S. 4th Circuit Court of Appeals in Richmond, Va., threw out segregation on city buses in ruling on a Columbia, S. C., case.

The court said the principle applied by the U. S. Supreme Court decree outlawing public school segregation "should be applied in cases involving transportation."

End Transportation Practices

In Washington, both Congress and the Interstate Commerce Commission were asked to end other transportation segregation practices.

The National Assn. for the Advancement of Colored People urged the ICC to follow the Supreme Court public school segregation decision and abolish all segregation in interstate transportation.

Rep. Diggs (D-Mich.), a Negro, at the same time proposed to the House Commerce subcommittee that it ban segregation practices at federal aid airports. Meanwhile, a three-judge federal district court prepared to sit in Columbia, S. C., for the first hearing in a public school segregation case since the Supreme Court on May 31 passed the problem back to district courts.

Illegal

The high court last year ruled that separation of students on the basis of race alone is illegal and in the May 31 decree directed district courts to see that segregation is ended as soon as practicable.

In other segregation developments, the Macon, Ga., NAACP local president threatened to burn membership lists to protect any teachers from revocation of their Georgia licenses, and the Atlanta Public Library Board declined to open the main library branch to Negroes.

Negroes are required to sit in the rear of most Southern city transportation vehicles. South Carolina is one of the states having state statutes on that and other segregation practices.

Sarah Mae Fleming brought suit against the South Carolina Electric and Gas Co., of Columbia, which a district court dismissed for lack of jurisdiction. The company operates the transportation system in Columbia.

In reversing that action, the circuit court not only held that the district court had jurisdiction, but declared, "we do not think the separate but equal doctrine ... can any longer be regarded as a correct statement of law."

The ICC is hearing arguments on a case brought in 1953 by the NAACP against railroad and bus lines in the South, seeking an end to segregation in waiting rooms and restaurants as well as on trains and buses.

Vic To Name Omaha Judge By Next Week

Appointment of an acting municipal judge for Omaha probably will be made by Governor Victor Anderson early next week.

Omaha officials have requested that the governor make the appointment because of the disbarment of Omaha Municipal Judge Lester Palmer.

The disbarment proceedings were not expected to affect Palmer's completion of his present term, but since it is understood that he will be assigned no cases, the work load on the other judges will be heavy.

The governor has the power to appoint an acting judge in an emergency.

Attorney General C. S. Beck ruled that the present Omaha situation is an emergency and in a letter to the governor, stated:

"It is our opinion that if the presiding judge of that court should enter an order that the judge in question should have no further cases assigned to him so long as the judgment of disbarment stands and you are so advised, that you would be justified in finding that an emergency exists, ... and would have the authority to appoint an acting municipal judge for the court."

Gov. Anderson said he understood that Omaha officials have found a means of providing city money to pay the salary of an extra judge.

NEW LOW-CALORIE COTTAGE CHEESE!

SLIM *cheez*

For a young waistline

Here's a delicious new cottage cheese that helps you slim down — and feel stronger and more alive while you do it! New SLIM Cheez has only 90 calories in a full lunch-size serving yet, unlike many low calorie foods, it's packed with high-energy proteins. Order SLIM Cheez from your grocer or Meadow Gold milkman.

A new cottage cheese that's much lower in calories, higher in proteins and minerals. Try some today!

Air Bill Signed

WASHINGTON (AP) — President Eisenhower signed a bill authorizing a five-year, 25-million-dollar program of federal aid to combat air pollution. It authorizes grants to state and local governments and use of part of the funds for federal experiments in the control of smog and other forms of air pollution.

Barney Lists Expenses

The secretary of state's office reported Thursday that Chauncey Barney had listed spending \$1,178 as a lobbyist for the Nebraska Building Chapter of Associated General Contractors and \$1,066 as lobbyists for the Citizens Association of Lincoln.

Dynamite Blasts Rip Dairy Plant

LITTLE ROCK, Ark. (INS) — Two dynamite blasts wrecked the interior of a dairy plant early Thursday, causing damage estimated at \$150,000.

The first explosion occurred at 2 a.m., the second shortly after 5 a.m. State police officer Floyd Weaver discovered a third bomb, containing 21 sticks of dynamite, which he removed from the plant.

The dairy plant, located outside Little Rock's city limits, has been employing non-union drivers as a result of a strike called by the AFL Teamsters Union last March.

Road Engineers Open State Meet

Division engineers and construction engineers met with Department of Roads and Irrigation personnel Thursday to start a two-day meeting at the state Testing Laboratory here.

H. G. Schlitt, deputy state engineer, said most of the day was spent discussing department policies. The object he said was to obtain a uniformity in policies regarding personnel.

Slated yet for discussion, he said, was new legislation passed recently by the Unicameral and establishment of division engineering headquarters and assignment of personnel there.

Also on the schedule is discussion of the design and type of headquarters buildings for the eight divisions in the state.

Headquarter buildings have been proposed for divisions at Norfolk, Grand Island, North Platte, McCook, Bridgeport and Ainsworth, he said.

The meeting is scheduled to continue Friday.

Explosives Truck Upsets; No Blast

MINDEN, Neb.—A loaded 19-ton explosives truck from the Hastings Naval Ammunition Depot overturned northeast of Minden on a Kearney County road.

Highway Patrolman Phil Quinn, who investigated, said there was no explosion and no one was injured.

The truck, driven by Gerald E. Kline of Council Bluffs, hit the soft shoulder of the county road, the patrolman said, and overturned after it had been stopped on the downgrade into a ditch about three feet deep.

Delephant Rules VA Has No Right To Assigned Hospital Insurance Policy

... Government May Appeal To U.S. Supreme Court

By VIRGIL FALLOON
Star Staff Writer

A court ruling of significance to approximately 200 companies which write hospital, medical and surgical insurance was handed down Thursday by U. S. District Judge John W. Delephant. His decision may be appealed to the U. S. Supreme Court.

In effect, Judge Delephant held that the Veterans Administration may not collect on the insurance policy of a patient - veteran, even though the veteran assigned to the VA such policy benefits on becoming a patient at the VA hospital.

Thursday's court decision was said to be the first adjudication of the question, long an issue between the VA and insurance companies.

The federal government, which moved to have the court judgment dismissing its complaint vacated, was expected to appeal the case to the U. S. Supreme Court.

On Polio Policy

The test suit was brought by the United States against the St. Paul Mercury Indemnity Co., of Minnesota, to recover \$4,300 in connection with a so-called "family poliomyelitis expense policy" issued

to Gray Kinner of Minden, Neb. Kinner, a World War II veteran, was stricken with acute polio and was hospitalized at the Lincoln VA hospital for nearly a year.

He was admitted on the condition of assigning to the Administration of Veterans Affairs, all claims, demands, awards and causes of action, which he might have by reason of any liabilities of third parties entitling him to hospital care. In this case, the third party was the insurance firm.

The insurance company paid Kinner \$981.08 for expenses incurred for medical services other than those furnished by the Veterans Hospital, and has made other subsequent payments.

Terms of Policy

The St. Paul Mercury policy assured protection "in amount of expenses actually incurred by insured for required medical treatment" not exceeding \$5,000 per family member.

In a memorandum opinion, Judge Delephant said the controlling section of the U.S. Code provided that VA hospital care be furnished to a veteran "who is in need of hospitalization... and is unable to defray necessary expenses therefore."

The court held that "short of a determination of fraud justifying the denial of admission or termination of stay... the Veterans Administration has no discretion" to require a veteran to assign the benefits provided in an insurance policy by which its terms provide for reimbursement of expenses for hospitalization and treatment.

Judge Delephant noted that the government was proceeding against the defendant company alone for reimbursement of VA Hospital services and did not con-

tend the patient - veteran was liable for payment.

The judge said Congress did not intend to commercialize VA hospitals with a patronage limited to veterans. The VA hospitals are essentially charitable, he said.

The opinion added that Administrative regulations must be in promulgation, but not perversion, of federal statutes.

Judge Delephant ruled in favor of the defendant company and dismissed the government's complaint.

C. C. Frazier, former State Insurance Commissioner and now general counsel for the Health & Accident Underwriter's Conference, an insurance trade organization, termed Judge Delephant's decision "entirely right."

He said the court decision was based on the premise that the veteran does not incur any expense when he enters a Veterans hospital.

"If companies were compelled to pay in this and similar cases, rates must be materially increased. This is because of longer stays permitted in Veterans hospitals than in private or commercial hospitals," Frazier said.

Orphans Receive Weekly Allowance

CORSICANA, Tex. (AP) — Just like youngsters with real families, kids in the Corsicana state orphans home now get a weekly allowance.

Before he died three years ago, John C. Wende of Austin, Tex., set aside income from some of his property to provide spending money for the orphans here. Litigation over the will delayed the first allowance money, which arrived this week in the form of a \$1,089.60 check.

Supt. R. I. Boyd said there'll be a check of about \$1,200 every three months, enough for about \$1 a week per orphan. As Wende directed, they'll get to spend it as they want.

Pledge Fulfilled

FORT WAYNE, Ind. (INS) — An abbreviated edition of the Fort Wayne Journal-Gazette hit the streets as executives of the newspaper fulfilled a pledge to issue the paper despite a work-stoppage staged by local 78 of the International Typographical Union.

Clifford B. Ward, editor of the afternoon newspaper, the News-Sentinel, said printers also failed to report there for work. The ITU members, numbering about 130 for the two newspapers, were reported attending a union meeting. International president Woodruff Randolph of the ITU was reported enroute to Fort Wayne in an effort to settle the dispute over vacations and pensions.

Senate Proclaims Hope For Freeing Soviet Sattelite Nations

...Stand Taken Against Colonialism

WASHINGTON (AP)—The Senate proclaimed its hope for the freeing of Soviet satellite nations Thursday and then with several members expressing misgivings, took a stand against colonialism.

The resolution putting the Senate on record as hoping that the captives of "alien despotism" will regain the right of self-government was adopted 89-0 on the eve of President Eisenhower's departure for the Geneva Big Four summit talks.

It contained no specific mention of communism, Soviet Russia, or the Geneva talks, but Senate Republican Leader Knowland of California said there is "only one tyrannical power loose in the world today, and that is the Soviet Union."

The resolution is merely an expression of Senate sentiment. It does not require House action and is not binding on Eisenhower or anyone else.

80-0 Vote

Both the President and Secretary of State Dulles have said they intend to raise the satellite question at the Big Four meeting.

The second resolution, adopted 88-0 with Sen. Fulbright (D-Ark) voting "present," was a policy horse of another color.

It stemmed from the recent Africa-Asia conference in Bandung and Sen. Mundt (R-SD) said it could easily be interpreted abroad as a U. S. policy of "stirring up revolt" in friendly countries.

Sen. Aiken (R-Vt) said the Senate should notify the world that in voting for the resolution "none of us are voting for revolutions."

Difficult

Decrying against too much "resolving," Aiken said:

"If you vote against this resolution your action is misunderstood and misinterpreted by everyone inside the United States, and if you vote for it, your action is misunderstood and misinterpreted by everyone outside the United States."

Mundt put it this way: He said the resolution was "difficult to vote against and dangerous to vote for."

Sen. Green (D-Ri), who handled the resolution on the floor, said the United States has been "tarred with a kind of colonial guilt-by-association in many parts of the world." He said:

"The Communists busily seek to promote the impression in Asia and Africa that the United States is an imperialist power. The fact

is, of course, that the worst imperialism on the face of the earth is centered in Moscow."

"Dangerous"

Fulbright told his colleagues they were "on very dangerous ground" in attempting to put into short resolutions "what the country really means." He said the question of colonialism was too important and complicated to be handled in such a way.

The resolution, which originated in the House, would put Congress on record as favoring a U. S. foreign policy that would "support other peoples in their efforts to achieve self-determination or independence under circumstances which will enable them to assume and maintain an equal station among the free nations of the world."

Pharmacy Test Results Told By Examiners

Announcement from the State Bureau of Examining Boards announced candidates who have successfully passed examinations given by the Nebraska Board of Examiners in Pharmacy at Creighton College of Pharmacy in Omaha. They were:

Charles E. Hamilton and DeVerne A. Jacobsen, both of Lincoln; Robert E. Conger, Merrell Victor Elliott, Marshall N. Forbes, Mary Goldberger, William J. Gouger, Carl J. Kunasick, Gerald E. Miller, William B. Nelson, Peter S. Palmesano, James D. Crabtree, Roland B. Rernick and Arthur C. Seifried, all of Omaha;

Richard W. Barmore, Lexington; Richard M. Charleston, Holdrege; Valentine J. Coler, Chicago; Harold W. Cronin, Galveston, Ill.; Anton Damm Jr., Superior; Keith D. Everett, Grafton; Claire R. Hall-Jack, Burwell; Betty Jane and Rose Marie Jellison, both of Wabensburg, Colo.; Joseph J. Brogan, Humboldt; Edwin A. Jirak, Ord; James A. Koch, Ottawa, Ill.; Carlisle Ann Neavins, Rock Island, Ill.; David G. Neumann, Indianola; Louis L. Ronnan, Kansas City, Kan.; Michael C. Topf, Sergeant Bluff, Ia.; and Miles A. Vana Jr., Westchester, Ill.

Candidates who passed the written portion of the examination and are eligible to qualify for license upon completion of one year of pharmaceutical experience and passing a practical examination before the state board were:

Roger T. Brazier, Joseph L. Kock, Roger Jones, Larsen, and Paul E. Wray, all of Lincoln;

John P. Belitz, John J. Condon, James H. Norman, Donald D. Jones, Phillip C. Ochs, David H. Pedersen and Jack L. Peterson, all of Omaha;

Lynn R. Brady, Shelton; Charles B. Paulson, Cody; Lloyd L. Guggenmos, Berwick; Donn C. Lenhart, Fremont; Jack R. Lintz, Johnson; Donald B. McKenzie, Alma; Douglas E. Miller, Bellevue; Billy R. Nuech, Hay Springs; and Duane L. Neary, Sidney.

Lancaster, Douglas Counties Must File Abstracts Friday

Assessors of Nebraska's two most populous counties have one more day to file their abstracts with the State Tax Commissioner before being fined \$100 a day for late abstracts.

The other 91 counties have now filed their abstracts. The total actual valuation of tangible property in these counties, according to the abstracts, is \$4,490,857,482.

The reports indicate a drop of between four and five per cent in tangible property valuations this year.

If Lancaster and Douglas Counties were to turn in the same figures this year as last, the grand total would be \$5,784,694,453.

The 1954 total was \$6,080,880,008.

Building Boom Noted

Because of the continued building boom in Lincoln and Omaha, Lancaster and Douglas Counties were expected to do as well as last year, if not a little better.

But it would be next to impossible for these two counties to close the apparent gap of approximately 296 million dollars between the two

years for the two years.

With the valuation total down and with the budget bigger than ever, a higher state property levy appears inevitable, one official remarked.

An offsetting factor is that some of the biggest increases in the budget are for activities, such as highway construction, which are supported by special taxes rather than by a tax on property.

Douglas County turned in a tangible property valuation figure of \$942,269,490 last year. Lancaster's figure was \$361,567,481.

Under the 50 per cent law enacted in 1953, the valuation figure is cut in two before the property tax levy is applied.

Appeal Lost By Lawyers Guild

WASHINGTON (AP)—The U. S.

Court of Appeals refused Thursday to interfere, at this time at least, with Atty. Gen. Brownell's move to list the National Lawyers Guild as a subversive organization.

In a unanimous decision, the judges told the Guild that before coming to court it must go through a Justice Department hearing, even though it claims the attorney general has prejudged it.

The lawyers group appealed after losing two attempts in a lower court to halt the attorney general's proceedings. The subversive list is used primarily in screening government workers and applicants for federal jobs.

Sightless Veteran Returns \$10,368

BATAVIA, N.Y. (AP)—A sightless Army veteran, who sells newspapers on Main street here, Thursday gave back the \$10,368 that residents of the city gave him almost 10 years ago. And he added interest.

Residents raised the fund to set Charles R. Bishop up in business after a sniper's bullet in the Pacific theater had blinded him.

But Bishop, now 31, never used the money. He invested it. Thursday, he gave this western New York city a check for \$12,000 to be used for a community swimming pool.

POSTCARD

The current rage among teenagers seems to be party crashing. I seldom pick up the journals without reading that flaming youth is setting fire to the host when denied entrance to a private affair.

I imagine this is a phase. Like eating goldfish or panty raids.

In the interests of scientific research, I turned up some old files recently to see what youth was about when I wrote its memoirs.

I wonder for instance what happened to the late, great Sonny Wisecarver. Sonny should be in the middle thirties now, I guess.

At 16, young Wisecarver had a half dozen deep dish apple pies stashed around the country. And from depths of feeling and adult judgment, these ladies spoke highly of Mr. Wisecarver. It was only a question on a family newspaper of how far could you go with direct quotes.

It was interesting what kiddies were up to in those days, the little

rascals. You sent them off to school with an apple for the teacher. Next morning you read in the journals how the banker's bride said Buster is the greatest thing since Gregory Peck.

A*lad of 17 years made a rash of Los Angeles headlines as the "Baby Gable." Young Jimmy was riding his paper route around the City of Angels when he suddenly found himself involved in a man-sized problem.

The problem turned out to be a sultry blonde of 28, a divorcee with a ten-year-old son. The Baby Gable hardly knew whether to get out the baseball and play catch with the boy or pitch with the lady.

Experiences like this are what separate the men from the boys.

The lady's husband made a number of statements to the press and naturally this caused a good deal of comment.

The lady herself made a few fancy remarks.

"Who asks for a birth certificate when they fall in love?"

The active press followed this clinch by clinch, as pretty a lash up as you would care to see.

The cops came into the picture and the young man and his heart's

desire were overtaken as they wound up a tour of the country in Phoenix.

He was pretty upset when his family suggested that he put away the candy and get back on the school books.

The lady admitted it had all been a mistake. "I am going back to my husband," she told reporters in a county jail where she was looking up laws pertaining to putting around a minor. "I was beating my head against a brick wall and didn't realize it."

You don't see anything like that these days. Not like the good old days when men were men. And so were boys.

This hustling around breaking into parties and clobbering the host with a lead pipe is a sordid sort of business. Hardly worth the newsprint. It lacks Romance.

A youthful slugger is just a kid with a handful of something heavy and a restless spirit.

A Baby Gable was something to think about.

I didn't know what happened to the Baby Gable. At the time there was some loose talk about sending him out to join the Air Force. This seemed a matter of shifting the problem. A powder blue uniform and basic training was not going to pull the fuse.

For all I know, maybe that is what they did. And the Baby Gable may be gabbling at something new, borrowed, old or blue.

But I suspect at his present age, nobody thinks a thing about it these days. It's later than you think.

Hastings Cadet 1 Of 16 Picked For Jet Flying

WASHINGTON — The Air Force Thursday picked 16 young Civil Air Patrol cadets to learn jet flying along with regular Air Force pilots.

The cadets chosen included Jerry D. Droppelman, 604 New York Ave., Hastings, Neb.

The 17-year-old cadets, selected by CAP from different sections of the country, will go to Tyndall Air Force Base, Fla., for an intensive training course. The course, running from July 23 to Aug. 1, will include five hours of jet flying.

The group also will visit interceptor schools for familiarity with that type of air defense and join groups engaged in tactical air training.

An Air Force announcement said "this stepped - up training program . . . is designed to lend fresh encouragement to youths who are considering careers in either civil or military aviation."

Ostrich Racing Slated For Fair

They'll be racing ostriches at the Nebraska State Fair this year.

The birds will be harnessed to sulkies for races around the track in front of the grandstand Wednesday afternoon, Sept. 7.

Ostriches are capable of speeds of more than 40 miles an hour.

A feature of the same show will be a wild animal derby with eight different species competing in a race. Participants will include an elephant, an ostrich, a zebra, a "zonkey" (cross between a zebra and a donkey), a donkey, a zebu and a camel.

STATE PARKS ARE IMPROVED

Additional playground equipment has been installed at Ponca State Park and a public address system for group gatherings and for use in paging park visitors has been installed at Niobrara State Park, a State Game Commission representative reported Thursday.

Jack Strain, supervisor of the land management division, said playground equipment also awaits installation at Arbor Lodge and Chadron State Park, and a public address system will be installed at Chadron.

Park improvements planned in the future include new swimming pools at the Ponca and Niobrara Parks, and a new residence-administration building at the Chadron Park.

Balanced

Everything it takes to be "TOPS"

STANDARD GASOLINES

balanced for top power, economy, and all 'round performance ... and raised to the Highest Octane levels in our history

High octane is mighty important—and Standard's new gasolines, WHITE CROWN and RED CROWN, have been raised to fulfill the anti-knock requirements of modern high compression cars—and older cars, too. But important as octane is, good gasolines need something more . . . they must be balanced to give you controlled volatility—the right gasoline for the right season; prevent vapor lock in hot summer weather; and give you all 'round smooth, efficient, economical performance.

Try a tankful of one of these clean-burning, efficient gasolines today and prove to yourself that there is a difference in gasolines.

Record Number Of Fat Cattle Marketed

64 Per Cent On Feed Are Steers

Nebraska farmers and stockmen marketed a record total of 308,000 head of fat cattle during the three-month period ending June 30, the State-Federal Division of Agricultural Statistics reported.

The number of cattle on feed July 1 was estimated at 408,000 head, or three per cent more than the 396,000 head on feed a year earlier.

Farmers placed 128,000 head on feed during the quarter, or about two per cent more than in the same period last year.

Some cattle in eastern Nebraska were placed on feed after April 1 as the result of dry pastures, the division said.

Weather during the quarter was favorable and cattle in feed lots have done well. However, many feeders are presently operating at a loss because of the recent decline in fed cattle prices.

Of the total on feed July 1, steers accounted for 64 per cent. Steers were fewer but heavier more than a year ago.

Feeders plan to market 298,000 head or 73 per cent of the total during the next three months. This represents a slower marketing rate than a year ago when marketing

Rubber Mask Is Almost Fatal To Young Swimmer

NORTH PLATTE, Neb. (AP) — A rubber face mask almost cost 13-year-old Sharon Snyder her life at the municipal swimming pool here.

She was swimming in the deep end of the pool when the mask apparently shut off her oxygen supply and she sank to the bottom. Life Guard Sally Sievers noticed the girl and brought her out of the water.

Artificial respiration by guards Jack Carroll and Wayne Paxton revived her.

Oil Co. Of Fremont Files State Papers

The United States Oil Co., of Fremont filed incorporation papers with the secretary of state Thursday.

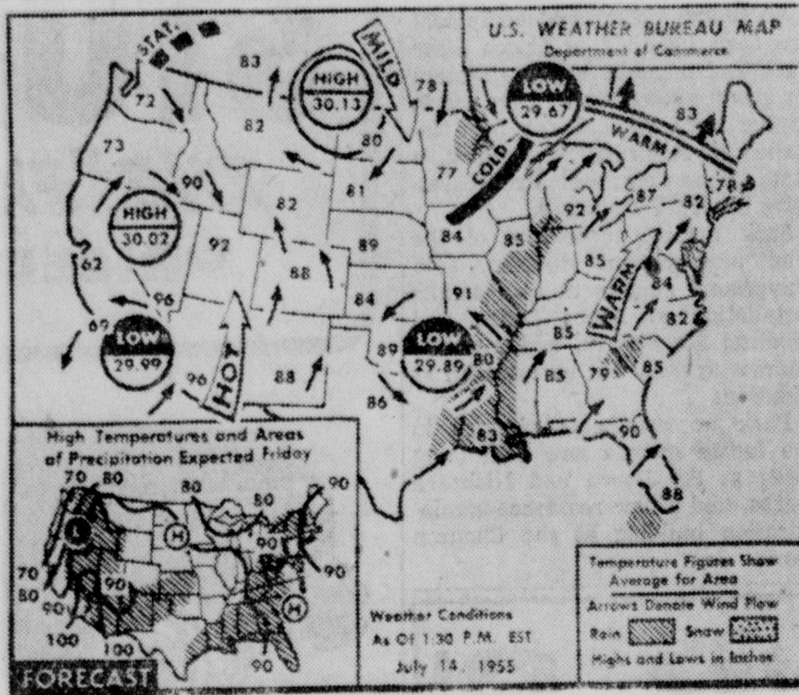

Purpose of the corporation is to explore, produce, manufacture and refine petroleum "and all minerals."

Authorized capitalization is \$100,000. William H. Lamme and William W. Spear were incorporators.

Beaver Crossing Picnic Slated For July 26, 27

BEAVER CROSSING, Neb.—The annual picnic sponsored by the Beaver Crossing firemen and American Legion post has been scheduled for Tuesday and Wednesday July 26 and 27.

A parade is set for 1 p.m. Tuesday, and a second parade will be held Wednesday at 7 p.m.

Warm Weather Will Continue

Rain is forecast for Friday afternoon over portions of the Middle Atlantic and South Atlantic states, Gulf coast region, Rocky Mountains and southern Plains. It will continue warm

over a large part of the U.S. and become warmer over the northern Plains and northern New England. A slight downward trend in temperature will occur in the upper Great Lakes area. (AP Wirephoto Map)

Psychiatric Exam Ordered For Boy Accused Of Attacking Tot

FREMONT, Neb. (AP) — Harry Avery, 13, who is accused of attacking a 4-year-old Fremont girl, Thursday was ordered sent to the Norfolk State Hospital for psychiatric examination and any treatment needed.

District Judge Robert D. Flory of Columbus continued court proceedings on the juvenile delinquency complaint against young Avery until a report is received from the hospital on the boy.

The complaint against Avery, a resident of the Lutheran Children's Home since April 4, referred to the brutal attack on Susan Jane Cline in Bernard Park last Tuesday.

court Thursday as Judge Flory announced his ruling and declined to take a plea to the charge because the youth did not have legal counsel.

Among those in the courtroom were Mr. and Mrs. Howard Avery of Omaha, father and stepmother of the youth, and Susan's father, Dale Cline.

Police Chief Robert Millard said Avery was picked up about a month ago after he had picked up a little girl and started to carry her. He released her, however, when she screamed. Millard said he talked to Avery then and released him to the Children's Home.

Journal & Star Want Ads are Nebraska's biggest advertising bargain. 10 words 3 days for only \$1.

Girl Recovering

Susan, suffering a right leg fracture just above the knee, shock and other injuries, was reported in "good condition" in Dodge County Memorial Hospital Thursday.

Young Avery, arrested 10 1/2 hours after the incident on the little girl's description of her attacker and the fact he was riding a "green bike," readily admitted the attack.

Sheriff Pelham McGee said Avery signed a statement describing how he carried the tot across the street from her yard, wrestled with her under some bushes in the park and took off her panties.

A doctor said she had not been molested sexually.

Avery was expressionless in

Nebraska News

Man Injured In Road Work Accident Dies

CHADRON, Neb. (AP) — A man injured in a road project accident died early Thursday in a Chadron hospital.

The victim, Arthur Daugherty, 52, of Crawford suffered broken ribs and a lung puncture in the mishap Wednesday night. It was not determined whether the injuries caused the death.

The attending physician said Daugherty's wife reported the man had suffered lung trouble. A few hours after he had been admitted to the hospital, Daugherty had been reported "resting comfortably."

Daugherty was working on the new Highway 19 project south of Chadron. He was operating a small tractor, pulling a ground packer. The tractor slid down a 50-foot embankment and started to roll, throwing Daugherty from the seat.

It's a good thing we mothers have **CLOROX** on our team!

CLOROX® makes linens *more than white...* it makes them *sanitary*, too!

Most mothers know they can easily get rid of dinginess, stains...even scorch and mildew...simply by laundering with Clorox. And Clorox makes white and color-fast cottons and linens extra clean, safer for health, because it makes them sanitary. No other home laundering product equals Clorox in germ-killing efficiency!

In addition, Clorox removes perspiration odors because it deodorizes. Clorox also conserves linens. It is extra gentle, free from caustic...made by an exclusive, patented formula. And Clorox, a liquid, contains no gritty particles to damage wash, washer or dryer.

How CLOROX helps busy mothers give "first aid" to bathrooms and kitchens!

Used in routine cleaning, Clorox removes stains and unpleasant odors...makes surfaces sanitary...all without scrubbing! In fact, hundreds of public health departments recommend the Clorox type of disinfection. Why not save steps by keeping Clorox handy in bathroom and kitchen? See the label for directions and other house-cleaning hints.

You get all these benefits in a Clorox-clean wash!

1. Snowy-white linens... Clorox removes gray and yellow dinginess.
2. Bright fast colors... Clorox removes dulling film.
3. Lovely-looking linens... Clorox removes ugly stains, even scorch and mildew.
4. Fresh, clean-smelling linens... Clorox deodorizes.
5. Sanitary linens... Clorox is the most efficient germ-killer of its kind.

When it's CLOROX-clean...it's SAFER for family health!

Three Of Five Calves Born To Columbus Cow Survive

COLUMBUS, Neb. (AP) — A Holstein cow belonging to Roger Klug, who farms about 10 miles north-east of Columbus, has given birth to triplets and very nearly made it quintuplets.

Dr. Jack Lester, Columbus veterinarian, delivered three bull calves, each weighing 35 to 40 pounds. In addition there was a heifer calf of about 30 pounds which was born dead, and another partially developed offspring.

The situation was one described as "very, very rare" in the prac-

tice of veterinary medicine. The cow, a six-year-old weighing some 1,200 or 1,300 pounds, and the three bull calves reportedly came through in fine shape.

Jorn Is Appointed Consumers Supervisor

ARAPAHOE, Neb. — Stanley Jorn of Tobias has been appointed the new supervisor for the Consumers Public Power District here, replacing Charles Ganser who is being transferred to Grand Island.

Gage 4-H Youths Given Pointers

K. C. Fouts, University of Nebraska animal husbandryman, demonstrates the proper way to prepare animals for showing at the annual Gage County 4-H Club fitting and showing demonstration day held at Beatrice. The

animal belongs to John Spence, right, and didn't seem to mind the cool, soapy water. About 60 4-H Club members attended the all-day demonstrations which included sheep, swine, dairy and beef animals. M. N. Lawritson of the University of Nebraska dairy department aided in the demonstrations which were sponsored by the Gage County Extension Service. Star Staff Photo.

24 Auxiliaries Cited For Work

OMAHA (AP) — Twenty-four American Legion auxiliaries have been honored by the Nebraska Heart Assn. for conducting the Heart Fund drive in their communities.

Dr. Frederick G. Gillick, association president, has sent letters commending the chairmen and a certificate of appreciation for each auxiliary.

Receiving certificates were: Alma, Bassett, Bloomfield, Deshler, Firth, Gordon, Hay Springs, Hyannis, Monroe, Mullen, North Platte, Petersburg, Polk, Rushville, St. Edward, Scotia, South Sioux City, Stamford, Stromsburg, Superior, Thedford, Western, Wilber and Wisner.

A⁺ in your Kitchen

Chicken fried in Swanson Margarine? Sounds good... and it's not extravagant! You'll be pleasantly surprised if you'll compare prices. Swanson costs LESS per pound than bland "cooking shortenings" LESS, too, than other national brand margarines. With its extra Vitamin A and its fresh good flavor, Swanson is your GOOD BUY for both spreading and cooking. Just try Sue's recipe... you'll see!

SUE SWANSON'S Cheese Crisp Chicken

1 package Swanson Frozen Cut-up Frying Chicken
1/2 cup flour
1 teaspoon salt
1/8 teaspoon pepper

1 egg slightly beaten
2 tablespoons water
3 tablespoons grated Parmesan cheese
1/2 cup fine dry bread crumbs
1/2 cup (1 stick) Swanson Margarine

Thaw chicken as directed on package. Coat with flour seasoned with salt and pepper. Beat egg, add water. Dip floured chicken in egg mixture. Roll in combined cheese and bread crumbs. Heat Margarine until sizzling hot. Fry chicken, turning to brown evenly. Continue frying slowly about 45 minutes longer or until tender.

SWANSON A⁺ MARGARINE

33 1/3% more Vitamin A
THAN ANY OTHER BRAND

SOME DEVoured BY CROCODILES—

22 Die As Prisoner Launch Capsizes

NAIROBI, Kenya (AP)—A launch carrying Mau Mau terrorists and their guards to an escape-proof island jail capsized on Lake Victoria Thursday. Of 50 persons aboard, 22 perished—some eaten by crocodiles.

Among the victims was Steve C. Martin, 57, an Australian, who is the prison commandant. The launch went down only 50 yards from shore in shallow water.

Alive With Big Game

Lake Victoria, second largest fresh water lake in the world, is alive with big game—including hippos and crocodiles.

The launch was headed for Mageta Island, where 1,000 of the toughest and most fanatical of the

Mau Mau terrorists are held. Known as Kenya's "Devil's Island," the only escape route is across a five mile stretch of crocodile-infested water separating the island from the mainland.

Cause of the disaster was not

known, but vicious storms break suddenly on the lake.

Hunt For Survivors

Launches and Kenya police planes set off from Kisumu to search for survivors.

Martin built the camp with prison labor. It served its purpose so well the Kenya government had planned for him to build others in similar locations. He was a bitter foe of the Mau Mau, the organization which aims at ousting the white man from the British East African crown colony and employs terrorism in an attempt to achieve its goal.

Martin was reported to be under death sentence from a kangaroo court of prison inmates.

Midland Receives Check For \$1,000

Lincoln Star Special

FREMONT, Neb. — Midland College has received a check for \$1,000 from the United Steel Foundation, Inc., according to Dr. Paul W. Dieckman, president. This is a part of its one million dollar grant-in-aid to education to 400 colleges and universities in 43 states. According to R. C. Tyson, vice chairman of the United States Steel Foundation, "This grant is unrestricted in its use and emphasizes the mutual interests served by a substantial flow of free funds to colleges and universities, helping to retain independence for, and looking forward to ever-finer achievements in the field of private higher education."

A Brunch For A Bride-Elect

Picnics and long summer days go hand-in-hand, so they say, and the theory proved delightful in practice Thursday morning when Miss Mary Anita Allen, a popular bride-elect of July, was honored at a picnic breakfast

at Irvingdale Park. The group of hostesses were Chi Omega sorority sisters of the bride-to-be and members of the Chi Omega Mothers Club with three exceptions. The exceptions were the very young

Miss Susan Bayley and John O'Shea, and Miss Cynthia Forrester, who fit in very nicely, however, as they are Chi Omega children.

Miss Allen, the honoree, is seated at the table in the picture above, and from left to right are Miss Bayley, who is held by Mrs. M. C. Smith, Mrs. Raymond C. Kubie, Mrs. Bayley, Miss Cynthia Forrester, Mrs. N. C. Cole, Mrs. L. E. Graham, Mrs. C. T. Forrester, Mrs. L. N. Allen, Mrs. Jack O'Shea and John, Mrs. Lella Breazeale and Mrs. T. S. Thorfinsson.

A miscellaneous shower was presented to Miss Allen, who will become the bride of William Harrison Saturday evening, July 16, at Westminster Presbyterian Church.

Gladiolus Show, Sunday

Plans have been completed for the third annual show of the Lincoln Gladiolus Society, which will be held Sunday afternoon between the hours of 1 o'clock and 6 o'clock, at the O'Shea-Rogers Company display rooms, 14th and M Streets.

Serving as general chairman for the show is Harold Duis, and Dr. F. S. Barkey, president of the society, will be in charge of the schedule and awards. Chair-

man of the judges is Jack Igou, a past president of the society, and in charge of the staging and facilities will be W. E. Simon. Other committee chairmen will include Paul Gaiser, registration and scoring, and Mrs. Bess Gillings, flower sales.

Gladiolus growers are invited to exhibit specimen spikes and arrangements in the show, which must be ready for judging by 10:30 o'clock, Sunday morning.

PTA Board Plans Convention

The executive board members of the Nebraska Congress of Parents and Teachers, meeting in Lincoln all day Thursday at the Hotel Cornhusker, discussed plans for the organization's 1956 convention, which will be held April 19 and 20, at Fremont.

Named chairman for the convention was Mrs. A. W. Sorensen of Fremont, state corresponding secretary, and members of the convention committee will include Mrs. William Craighead, Fremont, president of the Fremont PTA Council; Mrs. Robert Martin, Kearney, former Kearney city council president; and Mrs. Lowell Wilks, Scottsbluff, state second vice president.

Highlighting the spring convention will be the annual banquet and featured speaker will be Dr. John Furbay of New York, director of air world education for TWA Airlines.

Executive board members pictured include (seated left to right) Mrs. Amos Koester, Alliance, member-at-large; Mrs. Ralph Beechner, Lincoln, treasurer; Mrs. Sorensen, Fremont, corresponding secretary; and Mrs. Lowell Wilks, Scottsbluff, second vice president.

Standing (from the left) are Mrs. P. S. Carter, Omaha, first vice president; Mrs. H. J. Gakle, Norfolk, publicity chairman; Dr. Charles Elminger, Lincoln, member-at-large; Mrs. R. E. Dooley, Fremont, recording secretary; and Dr. Galen Saylor, Lincoln, state president. Not included in

the picture is Mrs. Ralph Hammond, Bushnell, member-at-large.

Meeting at 9:30 o'clock Friday morning will be the directors of the 13 PTA districts in the state who will make plans for the fall series of annual district conferences to be held throughout the state. Presiding at the meeting of the directors will be Mrs. Lowell Wilks.

Also meeting Friday morning

will be the 20 PTA city council presidents in the state. Mrs. P. S. Carter will conduct the meeting at which time plans will be discussed for the council's annual schools of instruction to be held late this summer and during the fall months.

A series of workshops for both directors and council presidents will be included in the Friday meetings, and the executive board will convene for its closing session.

GOOD MORNING FOR NEWS

ANOTHER busy week-end is peering over the horizon—and as we check the calendar for the Friday-to-Monday period, we discover that the busy activity involves a variety of events—For instance, we know that this Saturday evening, the Lincoln Country Club will have an informal dinner dance.

AND, then, we learned about Mr. and Mrs. Woodrow Magee's new home at Hope Ranch, Calif., which is just outside Santa Barbara. The new home is situated on an old Spanish land grant complete with a lovely small private beach.

Mr. and Mrs. Magee and their two daughters, Ann and Kitty, returned to Lincoln about a week ago after visiting in Santa Barbara and choosing their new home. While there, they visited with Mr. and Mrs. William Farnsworth's mother, Mrs. Frank Boehmer, who was visiting her son-in-law and daughter for several weeks.

WHILE we are talking about Mr. and Mrs. Magee, you might be interested in knowing that Dr. and Mrs. Robert Stein have purchased Mr. and Mrs. Magee's former home here in Lincoln. They probably will be moved and almost settled by

the middle of August.

NOW we have to backtrack to tell you that Mrs. Frank Boehmer will be returning to Lincoln Sunday evening, after spending several weeks with the William Farnsworths at Santa Barbara. En route home she visited her son-in-law and daughter, Mr. and Mrs. Frank P. Tallman (Helen Burnham) and their family in Pueblo, Colo.

THEN, someone told us that during this weekend, Mr. and Mrs. William B. Ammon and their young daughter, Vicky, would be settled in their newly-built home at 2635 Woodcrest. And just in case you were wondering, Mr. and Mrs. Edward Fisher have bought Mr. and Mrs. Ammon's former home at 1676 Sioux.

WE also found out that Mrs. Harold Osborn returned last week-end after spending a little over a week at Madeline Island. Mr. and Mrs. Osborn accompanied Mrs. Osborn's grandfather, Mark Woods, to his summer home earlier this month. While Mrs. Osborn remained for a lengthier visit, Mr. Osborn returned to Lincoln ten days ago. Also staying at the Woods' summer home are Mrs. Mark W. Woods and Mrs. Lee Metcalf of Kansas City, Kan.

HOUSEGUESTS in Lincoln, usually mean a party. Lt. and Mrs. Thomas Larsen and their

young twin daughters are visiting with their parents, Mr. and Mrs. Donald Bergquist and Mr. and Mrs. Leonard Larsen, for several weeks until Lt. Larsen must report to his new base at Waco, Tex.

Thursday evening, Lt. and Mrs. Larsen were entertained at an hors d'oeuvres party by Miss Ann Beynon at her home. The guest list included close friends of Lt. and Mrs. Larsen, the former Jane Bergquist.

UNDERSTAND too, that Mr. and Mrs. Lyle Holland will be returning to Lincoln this Saturday evening. Mr. and Mrs. Holland have been staying at Jasper Lodge, Alberta, Canada, for several weeks. Completing the foursome of vacationers were Mr. and Mrs. Clarence Swanson.

SOMEONE told us that Mrs. Robert Talbot left Thursday for her summer home at Hackensack, Minn. While there, she will be joined by her sons-in-law and daughters, Mr. and Mrs. L. M. Steiner and children of Minneapolis, Minn., and Dr. and Mrs. Emerson Ward and family of Rochester, Minn. The family group will be completed by Mr. Talbot sometime in the near future.

AND what day would be complete without a bride-elect. This morning, our news concerns Miss Irma Jane Laase who will

become the bride of Ronald L. Becker on Saturday evening.

Thursday evening, Miss Lucette Makepeace entertained for Miss Laase at a dessert supper at her home. Miss Laase was presented with a household shower following the supper.

Friday evening, Mr. and Mrs. Leroy T. Laase will honor their daughter and her fiancé at a pre-nuptial dinner to be held at Cotner Terrace. The guest list will include the members of the family and the bridal party.

Among the out-of-town guests will be Miss Laase's grandmothers, Mrs. A. F. Nuquist of Osceola, and Mrs. Grace Laase of Wisner, and Mr. Becker's grandparents, Mr. and Mrs. Henry DeVries of Hickman.

THURSDAY afternoon was Ladies Day Bridge at Hillcrest Country Club. Winning high scores for the afternoon were Mrs. W. W. Woodward, Mrs. J. W. Ammon and Mrs. John Flaherty.

The Brides' Book

Announcing plans this morning for an August wedding is Miss Sharon Oelling, who will become the bride of Elmer Heusinkvelt on Friday, August 12, at the Hallam Congregational Church.

Miss Janice Neu will attend Miss Oelling as the maid of honor and bridesmatron will be Mrs. Donald Madden. Miss Marilyn Oelling will be her sister's bridesmaid, and the flower girl will be Miss Linda Rotschafer. Lighting the candles for the 7:30 o'clock evening service will be Miss Karen Boward and Miss Shirley Rahorst.

Serving as best man will be Orville Heusinkvelt, and the ushers will be Lynn Heusinkvelt, both brothers of the bridegroom, and Bob Gerlach.

A July bride-elect whose wedding will be an event of Sunday, July 17, is Miss Wanda Mellinger who this morning is announcing plans for her marriage to Lyle Dawson, which will take place at Christ Methodist Church.

For her maid of honor, Miss Mellinger has chosen Miss Margie Luft, and her bridesmaids will be Miss Pat Kent, Miss Pauline Mueller and Mrs. Robert Mellinger. Miss Sharon Hankla of Madison will be the flower girl, and the ringbearer will be David Magwire.

Lighting the candles for the 3 o'clock ceremony will be Miss Linda Mellinger, sister of the bride-to-be, and Mrs. Dale Stephens.

Jay Hartwig will serve Mr. Dawson as best man, and seating the guests will be Jack Magwire, Dale Van Deusen and Robert Mellinger, Miss Mellinger's brother.

The bride-elect is the daughter of Mrs. Regina E. Mellinger, and Mr. Dawson's parents are Mr. and Mrs. Quentin Dawson, all of Lincoln.

Guests Are Honored

Pausing for a photograph in the midst of a very brief and extremely busy visit in Lincoln are Mrs. George Peterman and her children, Gary and Lynn, who with Mr. Peterman, are the houseguests of Mrs. Peterman's mother, Mrs. H. C. Mardis.

Former Lincoln residents, the Petermans will leave Sunday for their home at Union City, Tenn., after a Wednesday-to-Saturday schedule of informal courtesies with Lincoln friends. Mrs. Peterman is the former Marilyn Mardis.

NEW! Powerful Hormone Serum to Rejuvenate Skin Beauty

EACH DROP SO POTENT you can concentrate your hormone treatment on spots that need it most. HORMONEX Beauty Serum is so powerful, a single drop gives skin 15 times as many hormone units as a dab of cream. Seven to eight drops per day gives you maximum daily allotment of estrogenic hormones. The most potent hormone preparation we know of for beauty culture—150,000 I.U. per ounce, dissolved in Lanolin and medicinal Sesame Oil for faster, deeper penetration. One bottle equals five 3-ounce jars of standard hormone cream—lasts about 100 days. A really good buy at \$3.50 plus tax.

Nebraska Women Plan Civil Defense Activities

The Nebraska Women's Advisory Committee on Civil Defense coming year a campaign for "Grandma's Pantry" in every

for women in civil defense this

Nebraska home.

Meeting all day Thursday at the State Capitol, the committee described for representatives of many women's state organizations the plans for the "pantries", which provide emergency provisions, food, water and first aid supplies, and many other articles which formerly were standard equipment in the store cupboards or our pioneer forebears.

The meeting opened at 10 o'clock Thursday morning under the direction of Mrs. Gladys Yost of Milford, chairman of Nebraska women's activities in civil defense, and following a roll call of the state officers and chairmen representing the women's organizations, reports on the activities of local civil defense councils were given by Mrs. George Robertson of Omaha and Mrs. John R. Scott of Lincoln.

Plans for the regional women's civil defense conference, to be held at Topeka, Kan., Oct. 11 and 12, were presented by Mrs. Ruth Kirk of Denver, Colo., regional director for women's civil defense activities.

The morning session also included reports by state civil defense committee chairmen including Mrs. W. P. Venable, Columbus, welfare; Mrs. A. D. Follen, Blair, youth; and Mrs. Gerald Parker, Crete.

The advisory committee mem-

bers and club representatives were guests at luncheon Thursday noon of Governor Victor Anderson, and following the luncheon at the Governor's Mansion, reports on recent A-bomb tests at Yucca Flats, Nev., were given by Nebraska women who had attended the tests.

The group included Mrs. Yost, Mrs. Scott, who is co-chairman of the Lincoln-Lancaster County Civil Defense, and C. E. Iverson, state fire marshal, who served as field participants at the A-bomb tests; and Mrs. Ruth Kirk, Denver, and Mrs. William H. Hasebrook of West Point, civil defense chairman for the National Federation of Women's Clubs, who served as official observers.

The meeting closed Thursday afternoon following reports on the activities of Nebraska women in the recent civil defense "Operation Alert."

In the picture at left above are (seated, left to right) Mrs. Hasebrook, Mrs. Yost and Mrs. Scott; and standing (from the left) Mrs. Hugh H. McVicker, Lincoln; Mrs. Kirk, Denver; Gen. Guy N. Henninger, Lincoln, state Civil Defense director; Mrs. Vern Shamburg, Fairbury; Austin Bacon, deputy state civil defense director; and Mrs. R. D. Dugan, Ralston.

Pictured at right are more advisory committee members and club representatives attending the meeting. Seated (from the left) are Mrs. Follen, Fremont; Mrs. Robertson, Omaha, and Mrs. Maxine Negley, Omaha.

Standing (left to right) are Mrs. Josephine Yates, Lincoln; Mrs. Christine Schneider, Lincoln; Mrs. Gerald Parker, Crete; Mrs. R. F. Sievers, Blair; Mrs. Gordon Soderberg, Fremont; Mrs. Lois Bloom, Omaha, Mrs. William Yokel, Friend; and Mrs. Grant Ackerman, Lincoln.

LAFB Wives Bake Sale

All enlisted men's wives of the Lincoln Air Force Base will participate in a special bake sale to be held Friday afternoon and all day Saturday for the benefit of the Base Nursery fund.

Under the direction of Mrs. Arch Johnson and Mrs. Robert Stevens, co-chairmen, the wives have baked pies, cakes and bread and have volunteered their services as drivers and saleswomen, to help contribute to the nursery fund. More than 1500 wives were invited to participate.

The sale will be held at a 25th and O street store, from 3 o'clock to 6 o'clock Friday afternoon, and between the hours of 9 o'clock in the morning and 6 o'clock in the evening on Saturday.

NCO Club Activities

Members of the Lincoln Air Force Base NCO Wives Club will hold their regular meeting next Wednesday evening at the NCO Club. A short business meeting will be held and will be followed by an informal evening. All members are asked to be present at 7:20.

At the meeting of the club last Wednesday, Mrs. Kenneth Timberlake presided and appointed a committee to revise the club's constitution.

Mrs. Jack Libby will serve as chairman of the committee and she will be assisted by Mrs. Arch Johnson, Mrs. Art Mapstead, Mrs. William Priddy, Mrs. Richard Willford and Mrs. Richard Liebelt.

Soroptimist Board Meets

Opening a new calendar year for their organization Wednesday evening were executive board of Soroptimist International of Lincoln who met for a 6 o'clock dinner at the Hotel Cornhusker.

Mrs. E. W. Johnson, president, conducted the meeting when the board discussed committee appointments and program plans for the coming year.

The board voted to continue the organization's two major service projects, its community safety services and the sponsorship of youth activities.

Mrs. C. M. Stewart was appointed chairman of the service objectives committee and will have as her co-chairmen Mrs. Forest Wilson and Miss Helen Calcaterra.

Recently installed officers are Mrs. Johnson, president; Mrs. Julian S. Lyons, vice president; Mrs. Ernest L. Ruhter, recording secretary; Mrs. Mary Lou Kohler, corresponding secretary; Dr. Florence McKinney, treasurer; and directors, Mrs. Stewart and Miss Anna M. Evans.

Crib Chatter

Mr. and Mrs. James W. Peck are announcing the birth of a son, William James, who was born Tuesday, July 12, at Lincoln General Hospital. Mrs. Peck is the former Marilyn Spiker, daughter of Mr. and Mrs. Harry H. Spiker of Minden. The paternal grandparents are Dr. and Mrs. W. R. Peck of Minneapolis, Minn.

Has Chapel Service

MRS. ROBERT NEDROW

Morris Lundmark of Los Angeles served Mr. Nedrow as best man, and the ushers were Samuel Mills and Paul Mussel, both of Los Angeles.

The bride wore for her wedding a waltz-length gown of white Chantilly-type lace and tulle over satin. A narrow band of the tulle edged the low, rounded neckline which was completed by natural scallops of the lace, and the snug bodice of lace was completed by long, fitted sleeves. The full skirt of lace over satin was veiled by an overskirt of the tulle, and her illusion veil was held by a bandeau of satin. She carried an arrangement of white roses and gladiolus tufted with tulle.

A reception was held at the home of friends in Los Angeles, after which the couple left for a trip to San Diego and Mexico. Mr. and Mrs. Nedrow, both former students at the Life Bible College in Los Angeles, will make their home at Seattle, Wash.

'Peddling Paul' Keeps Passenger Trains Busy

KANSAS CITY (AP) — Peddling Paul Richards Thursday spun the 63rd man through his revolving door in the American League cellar.

He's bought, sold, traded, optioned or released that many baseball players since he took the Baltimore Orioles into training camp last spring.

No. 63 was the veteran outfielder Hoot Evers, sent to Cleveland Thursday in a waiver deal that brought relief pitcher Bill Wight to the Orioles from the Indians.

Four Still With Club

Only four men who played for Baltimore last year, the first season after transfer of the St. Louis Browns franchise to Maryland, were still with the club when it put in here Thursday for a twin-night double header with the Kansas City A's.

Of the 45 men listed on the spring training roster March 1, only 11 still are around.

Richards, who became both field manager and general manager of the Orioles between the 1954 and 1955 seasons, has complete responsibility for player deals by virtue of his two jobs.

On Monday, he shipped the last man who was on the Browns roster when the franchise was shifted to Baltimore for the 1954 season. He was pitcher Duane Pillette, op-

tioned to Oakland of the Pacific Coast League.

On Disabled List

The "endurable four from '54" are first baseman Eddie Waitkus and outfielders Gil Coan, Cal Abrams and Chuck Diering, all of whom were acquired just before or during the 1954 season. Waitkus has been on the disabled list for a month.

The 11-man pitching staff includes only three of the 20 flingers who worked out with the Orioles last spring at Daytona Beach, Fla. They are Ray Moore, Jim McDonald, and Don Johnson.

The other four men who started the spring with the Orioles and still are around are catcher Hal Smith and infielders Freddy Marsh, Wilis Miranda, and Gus Triandos.

Nebraska Jockey Injured In Spill

INGLEWOOD, Calif. (AP) — Jockey Gerald Yeutter was thrown heavily to the track in a bad spill in the second race at Hollywood Park Thursday.

The track ambulance rushed him to a nearby hospital. The extent of his injuries was not known but he lay completely motionless until placed on a stretcher and taken from the track.

Riding in a 12-horse race, Yeutter, 29-year-old veteran who was born in Gothenburg, Neb., was on a 3-year-old California filly Against Time. They were in close quarters and it appeared that maybe Yeutter's saddle came loose. The horse fell as other horses pounded on.

Hurricane Jackson Charles' Next foe

SYRACUSE, N.Y. (AP) — Former heavyweight champion Ezzard Charles, victor by a narrow margin over Paul Andrews Wednesday night, has agreed to meet Tommy (Hurricane) Jackson of New York at the War Memorial Auditorium, Aug. 3, Promoter Norm Rothschild said Thursday.

ADAMS: 3000 WINNERS

ATKINSON

Top Booter At Madison

A highlight of the biggest race season in the 18-year history of the Madison track will be "Johnny Adams Day" Friday. The famous jockey (left) this spring won his 300th race and will be present for the festivities honoring him. J. R. Adams, Johnny's son, shares his dad's pride in becoming the fourth rider to enter the charmed 3,000 circle.

Lincoln Tennis Club Seeks Revival Of Lawlor Cup Play

Amateur tennis is showing signs of a revival in Nebraska with the aggressive Lincoln Tennis Club setting the pace.

Latest development along the net front is an attempt by the LTC to revive Lawlor Cup competition.

Main Feature Clock

Lincoln: "Ain't Misbehavin'," 1:34, 3:38, 5:42, 7:46, 9:50.

Stuart: "The Purple Mask," 1:15, 3:25, 5:30, 7:40, 9:45.

Nebraska: "The Outlaws Daughter," 1:07, 4:03, 6:59, 9:55. "The Other Woman," 2:31, 5:27, 8:23.

State: "Shotgun," 1:43, 3:45, 5:50, 7:52, 9:55.

Varsity: "Land of the Pharaohs," 1:10, 3:12, 5:14, 7:16, 9:18.

Capitol: "Born to the Saddle," 1:00, 4:00, 7:00, 10:00. "Split Second," 2:28, 5:29, 8:30.

Joyo: "Dragnet," 7:00, 10:35.

"Strange Lady in Town," 8:45.

Starview: "Cartoons," 8:25.

"Rear Window," 10:17. "The Redhead and the Cowboy," 8:32, 12:17.

West O: "Cartoon," 8:20. "Cattle Drive," 8:30, 11:30. "The Big Frame," 10:10.

84th & O: "Cartoon," 8:20, 11:00. "Gangbusters," 8:40, 11:15. "The Cowboy," 10:15.

Hayloft: "Dr. Jekyll and Mr. Hyde," 8:30.

Omaha won the last time Cup play was held, but the interest died down. With Hastings, Grand Island, Lincoln, Omaha and many other towns now active in town tennis play, the LTC is attempting to revive the Lawlor Cup series.

Instead of limiting play to two singles and one doubles match as in the past, present plans call for four singles and one doubles matches.

It has been suggested that the state be divided into four zones with the eventual winner to challenge Omaha for the Cup.

Interested clubs have been asked to correspond with Vern Hungeat, president of the Lincoln Tennis Club 3535 South 31st St.

Probe Finds 48 Peress Case Errors

... 5 Generals Named

WASHINGTON (AP)—Senators who investigated the question of "Who promoted Peress?" reported Thursday the case was compounded by 48 errors, including poor judgment and improper co-ordination.

Five Army generals, among others, were named by the Senate Investigations subcommittee as guilty of errors in the case of the promotion and honorable discharge of Maj. Irving Peress, after he had refused to say whether he was a Communist.

No 'Subversion'

The subcommittee's report, signed by six of its seven members, raised no question of subversion in the handling of the case.

The seventh subcommittee member, Sen. Bender (R-Ohio), refused to sign. He said the report should have stated specifically that there was no evidence to support the suggestion, raised by Sen. McCarthy (R-Wis.), that some "Communist mastermind" in the Pentagon was involved.

Promoted To Major

Peress, a Brooklyn dentist, was promoted to major Nov. 3, 1953, although he had refused to state on Army forms whether he was a Communist. He also refused to answer questions raised by McCarthy, then subcommittee chairman, about alleged Communist links.

McCarthy wrote the Army on Feb. 1, 1954, it ought to hold up the honorable discharge; the senator had been demanding a court-martial for Peress instead.

The day after McCarthy sent his letter, Peress was honorably discharged, leaving with the rank of major. The subcommittee majority charged Thursday Army Counselor John G. Adams, since resigned, "showed disrespect for the subcommittee when he chose to disregard" McCarthy's letter.

Demonstrate Errors

McCarthy was among the six who signed Thursday's report.

It said the case demonstrated "individual errors of judgment, lack of proper co-ordination, ineffective administration procedures, inconsistent application of investigative regulations, and excessive delays."

It said Secretary of the Army Stevens, who is resigning—or perhaps some among his Pentagon superiors—did a disservice to the country in delaying facts about the case for almost a year.

Among those blamed for errors were Maj. Gen. Miller B. White, the president of the Army Personnel Board; Lt. Gen. Walter L. Weible, deputy Army chief of staff; Gen. Charles Bolte, then vice chief of staff; Brig. Gen. Ralph W. Zwicker, who was Peress' commanding officer; and Lt. Gen. W. A. Burgess.

here is a pleasant little game that will give you a message every day. It is a numerical puzzle designed to spell out your fortune. Count the letters in your first name. If the number of letters is 6 or more, subtract 4. If the number is less than 6, add three. The result is your key number. Start at the upper left-hand corner of the rectangle and check every one of your key numbers, left to right. Then read the message the letters under the checked figures give you.

BAERING DOWN ON THE NEWS By Arthur 'Bugs' Boer

Monday at Geneva is the most important date since Noah got the show on the road.

In the last 10 years peace has stacked up on the back of the stove. It's the kind of calm that rattles your slate roof.

At the launching of the dream boat 10 years ago this stock of literary waffles said, "One way to put out the fire is to kick the blazing logs around the room."

"Our international diplomacy is spread out thinner than a spider taking contracts for screen doors."

"The Balkans are the Hatfields and the McCoy's with garlic. The entire hassle started in 1914 when a Balkan deer hunter bagged an Austrian grand duke with a two-point mustache."

"A buffer state is a wooden sleeper between two all-steel baggage cars."

"Here's the way Gromyko, Byrnes and Bevin shaped up in the Bronx. Gromyko wants the world with a fence around it. So does Byrnes, but he wants to be on both sides of it. Bevin also wants the world with a fence around it. But he wants his head caught between the pickets."

"While congress is holding up foreign loans we're losing the interest on another set of bad debts."

"We regard these U. N. arguments as run-of-the-mill serge. If everybody pulled the same way a dentist would never get a tooth out."

"Byrnes is right when he says all peace treaties should be made public. We have the right to know what's going to cause the next war."

"The atom bomb is the most powerful mixture since bathtub gin. If we scrap it we are as dizzy as the chicken that hatched in the egg-beater."

The last paragraph sews it up like Grandma's satchel bag. Europe was trying to shill us off the mushroomed fall-out way back in 1945.

State Sorghum Production Record Possible

Nebraska farmers have planted an estimated 1,200,000 acres of sorghum this year.

Given normal weather, the state could set a new record in production of sorghum for grain, a government statistician said Thursday. The acreage is half again as

large as last year and about three times the 10-year average.

Significantly, most of the sorghum is of the grain variety, according to Ken Logan of the State Federal Division of Agricultural Statistics. Previously sorghum was planted largely as a forage crop.

South-central Nebraska is the major sorghum area.

Several factors contributed to the high sorghum acreage this year Logan said.

Acres Released

Drought conditions and a shortage of subsoil moisture led farmers to turn to sorghum, which is more drought resistant than most crops.

Corn and wheat acreage restrictions released a number of acres to other crops, wheat abandonment, which was higher than usual in the south - central area this year, had the same effect. Search for a replacement crop with cash value led many farmer to grain sorghum.

The 1,200,000 acres planted to sorghum compared with 3,091,000 acres of harvestable winter wheat, 6,720,000 acres of corn, and 2,142,000 acres of oats.

Soybeans also have been growing in popularity. Acreage this year is estimated at 252,000, compared with 194,000 acres last year.

Hay Doing Well

Although corn and wheat received most attention in the generally optimistic July 1 crop esti-

mates released by the Department of Agriculture in Washington this week, Nebraska's hay crop is quietly bidding to set a new record.

The state's estimated 6,790,000 ton hay crop is a half million tons above last year and compared with a 10-year average of 5,102,000 tons.

Alfalfa makes up about 4,114,000 tons of this year's hay crop, against 3,674,000 tons last year and an average of 2,444,000 tons.

Wild hay is estimated at 2,183,000 tons, slightly above last year but below the average. Clover and timothy hay amount to 207,000 tons.

Commercial apples, grown principally in six or seven southeast counties, are estimated to be making a 55,000 bushel crop, compared with 70,000 bushels last year.

Milk production during June averaged 21½ pounds per cow, somewhat above last year and the average. June egg production also topped that of a year ago slightly.

Stored Wheat Down

Nebraska farmers as of July 1 were holding only 1½ million bushels of old wheat in storage, the Division of Agricultural Statistics disclosed Thursday. This compared with 7,300,000 bushels at this time last year, and an average for July 1 of 3,500,000 bushels.

Other estimates of grain stocks as of July 1:

Corn—77,100,000 bushels; 78,600,000 last year, 72,500,000 average.

Oats—14,300,000 bushels; 6,500,000 last year, 12,000,000 average.

Soybeans—376,000 bushels.

Barley—810,000 bushels.

Rye—217,000 bushels.

Barley and rye stocks are about the same as last year but soybean stocks are the largest of record.

DAV Auxiliary Names National Meet Delegates

The auxiliary to Robert Flansburg Chapter 7, Disabled American Veterans, elected delegates to the national convention Aug. 14-21 in Des Moines.

They are Frances Fisher, Helen Williams, Margaret Wilder and Gladys Loos.

Alternates are Engletta Justus, Joyce Martin, Stella Roeder and Fanny Butler.

Gladys Loos was elected junior vice commander.

The picnic meeting was held at Bethany Park.

WILBUR

NEBRASKA'S WHEAT HARVEST AS FAR NORTH AS CHAPPELL

Nebraska's wheat harvest activity has moved northwest as far as Chappell, the Nebraska State Employment Service reports.

A demand for harvest hands developed at both Chappell and Sidney but other local employment offices were directing men into these areas to meet the demand.

The harvest in eastern Cheyenne

County probably will begin this week end or Monday, the agency said in a farm labor bulletin.

A total of 679 combines had passed through the McCook port of entry. Machines were in surplus supply at both Grant and Ogallala. The harvest is virtually completed in the Holdrege area, the bulletin said.

Ag Journal Merger Is Hit By FTC

Paper Firm Plan Is Also Opposed

WASHINGTON (U)—The Federal Trade Commission announced Thursday it was moving to block mergers in two fields:

1. The purchase by Farm Journal, Inc. of Better Farming, formerly known as the Country Gentleman, which the FTC described as Farm Journal's leading rival in the agricultural magazine field;

2. The alleged acquisition by Union Bag & Paper Corp. of New York City of control of Hankins Container Co. of Cleveland. The FTC described these as two of the nation's oldest paper product manufacturers and said agreements made between the two firms in June and July of 1954 violated the laws against interlocking directorships and unfair competition.

Hearings Set

The agency said a hearing in the Farm Journal case will be held in Philadelphia Sept. 20, and a hearing in the paper products case in New York City Oct. 18. Both hearings will be conducted by FTC examiners.

The FTC said Farm Journal ranks first in monthly net paid circulation in the agricultural magazine field. It said acquisition of Better Farming from the Curtis Publishing Co. would eliminate Farm Journal's "only effective or substantial competitor" and "may substantially lessen competition and tend to create a monopoly."

FTC said acquisition of Better Farming would give Farm Journal a net paid circulation of about 5,436,000, or about 51 per cent of total circulation among the six largest competitors in the farm magazine field. It also would give Farm Journal about 51 per cent of advertising in the six major farm magazines, the agency said.

N.Y. TIMES REPORTER SAYS HE WAS A COMMIE IN 1930s

WASHINGTON (U)—New York Times reporter Ira Henry Freeman said Thursday he was a Communist party member for a year back in the 1930s. He said he quit because he found Communist meetings "inept and futile... dull and fruitless."

Freeman thus became the second Times reporter to tell the Senate Internal Security subcommittee he was a Red in the 1930s. The other, Charles Grutzner, also said he left the party when he became disillusioned.

Refused, Fired

A third Times man, Melvin Barnett, told the senators Wednesday he is not now a Communist but wouldn't answer questions about party membership a dozen years ago. He refused to answer on grounds of possible self-incrimination and the Times fired him.

Freeman was accompanied before the subcommittee Thursday by Paul Porter, Washington lawyer.

Subcommittee Counsel J. A. Sourwine asked Freeman if he ever had been a Communist party member.

About One Year

"Yes, sir," replied the small, mustachioed man in a firm, clear voice. "For approximately one year beginning early in 1938 and ending, I believe in 1939."

Asked what got him into the party, Freeman said he was recruited by two men, only one of those names was made public.

Freeman listed Milton Kaufman, then executive secretary of the American Newspaper Guild and another person, since deceased.

At A Cafe

Freeman related that Kaufman and "the other person" spoke with him and Beatrice Oppenheim, later Mrs. Freeman, at a cafe one night in 1938 after a newspaper club meeting.

"They talked to us earnestly about joining, saying that we believed in it and that the Communist party was a leading influence in the world," Freeman said.

He noted that he had been a charter member of the guild in 1938.

TRAIN JUMPS TRACK; KILLS 1, HURTS 24

... At Bridgeport, Conn.

BRIDGEPORT, Conn. (U)—Pounding around "the severest" curve in the darkness, the locomotive and seven lead cars of the New Haven Railroad's Federal Express were derailed here Thursday, killing the engineer and injuring 24 other persons.

The locomotive plunged over an embankment and landed in freight yards 35 feet below with a tremendous crash which woke thousands of residents. The forward coaches jack-knifed and went off the trestle down the bank. A switching engine and two cars on a siding were hit.

In His Cab

Dead in the wreckage of his cab was Arthur Ortenue, about 60, of New Haven, engineer of the 17-car Washington to Boston express which was carrying 175 passengers.

Several passengers could be removed only after the wreckage had been pieced apart by firemen and other rescue workers.

Not Faulty Equipment

Patrick B. McGinnis, the road's president, said "reports indicate that the accident was not caused by faulty equipment."

McGinnis said the accident occurred "on the severest curve on the New Haven railroad," and added it "seems to point up need for low center gravity trains."

CRASH OF B47 IN LOUISIANA KILLS 4 AIRMEN

SHREVEPORT, La. (U)—Four airmen were killed near here early Thursday when their B-47 Stratofort bomber, loaded with fuel, crashed four minutes after takeoff in rainy weather.

Barksdale Air Force Base identified the dead as Capt. John D. Brashear Jr., 35, of Newport, Ark., the craft commander; Capt. Lon R. Castle Jr., 32, of San Angelo, Tex.; pilot; Capt. Clifton J. DeJung, 33, Patzau, Wis.; observer, and Airman 1st Class James M. Waller, 25, of Dodson, La., crew chief.

Digs Crater

The six-engine plane dug a crater 25 feet wide and 15 feet deep. Part of the wreckage burned before a downpour snuffed the blaze. The remainder of the craft skittered across a cornfield, disintegrating part by part. Two of the bodies were found 600 feet from the crater; the other two, 300 feet away.

Air Force Still Hopes For Lincoln Hospital Funds

WASHINGTON (U)—An Air Force spokesman said Thursday the service still hopes Congress will provide funds for a hospital at its base at Lincoln, Neb.

He added, however, the service also is giving further consideration to using a portion of the Veterans Administration Hospital in Lincoln.

The House Armed Services Committee authorized a \$2,600,000 hospital for the base but the House Appropriations Committee Tuesday refused to approve money for it.

One congressman said no effort would be made to have this item reinstated when the appropriations bill comes to the House floor.

The Air Force spokesman said the request for the base hospital would be carried to the Senate Appropriations Committee. If the Senate approved funds for the base hospital, House conferees might agree to the item in the House-Senate conference on the two bills.

Meanwhile, further consideration will be given to use of part of the Lincoln VA hospital.

Kearney Hospital Bids In To Control Board

Three bids were submitted to the Board of Control Thursday for a new freight elevator for the Kearney Tuberculosis Hospital. Board action on the bids was expected next week.

Bids on re-roofing some buildings at the Hastings State Hospital will be opened Tuesday.

Notice of Hearing on Report of Board of Adjustment

New Ag Plan To Assist Farmers In Great Plains Drought Belt

WASHINGTON (INS) — A new government plan to assist farmers and ranchers in the Great Plains drought belt was announced Thursday. It includes what officials called a "greatly expanded emergency loan program."

In areas designated by Agriculture Secretary Ezra Taft Benson, the loans will be available for re-seeding and establishment of grasslands and other soil and water conservation measures.

The new program is expected to take effect first in the six states where high winds tipped up millions of acres this spring and created what Benson called a potential dust bowl.

States in this group are Kansas, Oklahoma, Texas, New Mexico, Colorado and Wyoming. Other states generally grouped in the Great Plains area are Montana,

Dr. Andrews, Lincoln, Moves Up On Shrine's Imperial Line

Lincoln Star Special

CHICAGO—With the elevation of Dr. Clayton F. Andrews of Lincoln to imperial high priest and prophet of the Ancient and Arabic Order of Nobles of the Mystic Shrine, he now is in line to reach Shrinedom's highest office in 1959. Dr. Andrews was imperial oriental guide last year.

Walter C. Guy, Little Rock, Ark., printing company executive, was installed as Imperial Potentate in an hour-long pageant at the annual convention in Chicago.

Potentate Guy succeeds Frank S. Land, Kansas City, Mo. banker.

New imperial outer guard is Barney Collins, of Mexico City, who won the office over three other candidates and thus became the only new officer to begin the climb of succession.

The list of officers of the ruling divan:

Walter C. Guy, Little Rock, Ark., Imperial Potentate.
Gerald D. Cray, Deadwood, S. D., Deputy Imperial Potentate.
Thomas W. Melham, New York, Imperial Chief Rabbi.
George E. Stringfellow, West Orange, N. J., Imperial Assistant Rabbi.
Dr. Clayton F. Andrews, Lincoln, Imperial High Priest and Prophet.
Leonard P. Stewart, Washington, D. C., treasurer (re-elected).
George M. Saunders, Kansas City, Imperial Recorder (re-elected).
George A. Mattison Jr., Birmingham, Ala., Imperial Oriental Guide (succeeding Dr. Andrews).
Marshall M. Porter, Calgary, Alberta.

DR. CLAYTON F. ANDREWS
... Fourth in line of succession for highest office in the Shrine.

Canada, Imperial First Ceremonial Master.
George M. Klenner, Memphis, Tenn., Imperial Second Ceremonial Master.
Harold C. Close, Waterville, Conn., Imperial Marshal.
Carlisle Brock, Erie, Pa., Imperial Captain of the Guard.
Barney Collins, Mexico City, Imperial Outer Guard.

Dr. Andrews is the first Shriner from Sessostrius Temple, and the second from Nebraska, to be elected to the imperial line. Dr. Andrews served as a doctor in World War I, is a fellow of the American College of Surgeons and former president of the Nebraska chapter. He is also past president of the Nebraska Medical Association and the Central States Shrine Association.

The Shriners wound up Thursday's activities with another mammoth parade in all their costumed glory, turning the Loop and Soldier Field into an Arabian night's entertainment. The convention ends Friday.

Brunswick Man Gets Six Months

Fred Nelson, 47, of Brunswick, Neb., was sentenced in Federal Court to six months imprisonment after pleading guilty to two counts of using the mails in a scheme to defraud.

The defendant, a cattle buyer, was charged with having devised a scheme to defraud and causing a check and draft of insufficient credits to be placed in the mails. One count involved a \$25,000 check on July 8, 1952, and the other a \$17,396.84 draft, on July 12, 1952. Federal Judge John W. Delehant pronounced sentence of a six-month term on each count to run concurrently.
